Re: Bid #011-09 Permanent Traffic Signals at
Mid-Cities Blvd. & Gateway Blvd. and
Mid-Cities Blvd. & Baze Rd.
Award of Construction Contract
KHA No. 061061007

Dear Mr. Harts:

On September 9, 2009, the City of Euless received bids for construction of the above referenced traffic signal installations. Four (4) bids were received with a low bid of $199,117.00 submitted by Roadway Solutions, Inc. and a high bid of $289,490.00 submitted by Electric, Inc. The total spread of the bids is good for a project of this size and within the range of the Engineer's opinion of probable construction cost ($220,970.00). Attached is the bid tabulation for your reference.

The low bidder, Roadway Solutions, Inc., has several projects underway throughout the Metroplex and has successfully constructed many of our design contracts in recent years. Based on our experience, Kimley-Horn and Associates, Inc. would support awarding the contract to Roadway Solutions, Inc. for a total amount of $199,117.00.

Thank you for the opportunity to be of service to the City of Euless. Should you have any questions, please do not hesitate to call.

Very truly yours,

KIMLEY-HORN AND ASSOCIATES, INC.
