Re: Rio Grande Blvd. & Entries Segment 2, SH 121 Southbound Frontage Road (STA 389+87 – STA 417+51) & Cheek-Sparger Road Traffic Signals
Bid # 002-14

Dear Mr. Harts,

The City of Euless received bids on November 20, 2013 for the above referenced project. Five bids were received, with a low bid of $4,055,246.26 submitted by McMahon Contracting, L.P. and a high bid of $6,063,036.41 submitted by AUI Contractors.

Since the bid opening, we have been informed by the Public Works Director that the city has accepted the withdrawal of McMahon's bid. The second low bid of $5,217,965.58 was submitted by Mario Sinacola Companies (Sinacola).

Our firm has had experience with Sinacola on numerous residential subdivisions and they performed well. Also, we spoke with two references given to us by Sinacola: Romin Khavari, PE, City Engineer for Grand Prairie and Tiffany Bruce, Engineering Manager for the Town of Flower Mound. Both references were complimentary of Sinacola's work on similar projects to this one and would accept them as a contractor for future projects.

Therefore, we recommend the City of Euless award the contract to the second lowest bidder, Mario Sinacola Companies, for Rio Grande Blvd. & Entries Segment 2, SH 121 Southbound Frontage Road (STA 389+87 – STA 417+51) & Cheek-Sparger Road Traffic Signals. If you have further questions please feel free to contact us.

Sincerely,

Roger McInnis, P.E.
