Re: Rio Grande Blvd. Bid

Mr. Harts,

This letter is to inform you of a substantial mistake on our November 20, 2013 bid for Rio Grande Blvd.

McMahon Contracting L.P. bid that was turned in on a computer spreadsheet was incorrect.

The bid program we used did not pick up all the sub contract and subsidiary costs on the bid total for the bridge item. As you know there was only one bid item for all the bridge construction. There was also no item for mobilization; therefore we decided to put all overhead costs in the bridge item also.

The combination of the overhead costs and sub contract items that did not get included in our lump sum bridge price was $640,000.00.

We are asking for our bid to be rejected and the project be awarded to another bidder.

Shawn McMahon
