RE: City of Euless Audit Contract Extension

Dear Vicki,

This letter is in response to your request for extension of our audit services proposal awarded by the Euless City Council on June 14, 2005 that covers the audit periods for fiscal years ending September 30, 2008 and 2009.

Our fees for these services are estimated to be as follows:

Audit of the City's financial statements, including preparation of the CAFR, and Economic Development Corporation's financial statements for the year ending September 30, 2008	\$ 55,000
Estimate of additional fees in relation to the eight new Auditing standards effective for fiscal year ending September 30, 2008	<u>8,000</u>
Total estimated fees for fiscal year ending September 30, 2008	63,000
Audit of the City's financial statements, including preparation of the CAFR, and Economic Development Corporation's financial statements for the year ending September 30, 2009	\$ 65,000

We sincerely appreciate the opportunity to be considered for this extension and look forward to our continued relationship with the City of Euless.

Yours truly,

Brad Jay
