SUMMARY OF SUBJECT:

In order to address the present and future needs of the community, it is necessary for us to change the Plan Implementation and Prioritization of Needs section of the plan as it relates to Outdoor and Indoor Recreation. The recommended changes in our priority lists will position the city to be eligible to receive the maximum points allowed (15) in the "Master Plan" section of the Recreation Grant Project Priority scoring system by having a locally adopted TPWD approved Parks, Recreation, and Open Space Master Plan, and by meeting 3 of the top 3 priorities identified for outdoor and indoor recreation in the plan. These recommended changes must be approved and sent to TPWD by November 30, 2008 in order to be eligible for the January 31, 2009 local park grant application submission date for outdoor recreation.
