

EMPLOYEE OF THE MONTH – JANUARY 2009
TOMMY CHRISTOPHERSON
Computer Programmer/Analyst – Information Services Department

Education, Training & Licenses:

Tommy attended Irving High School and graduated in 1975. He pursued studies in mathematics and computer science while at Dallas Baptist College and the University of Texas at Arlington. Tommy has over 30 years of broad experience in Information Services including several computer languages, numerous applications and extensive software development and maintenance.

Employment Background & Experience:

Before being officially hired by the City of Euless on July 3, 2006, Tommy owned his own consulting firm, Technical Consulting Services, and did projects for the City. He has also worked with quite a few municipalities and some firms who are leaders in the IS field.

Awards, Recognition, & Associations:

Tommy has been the past recipient of the VP Award for Outstanding Contribution from PentaSafe and Employee of the Year from USTI.

Tommy is married and has 13 children and will be a new granddad in the summer of 2009. He and his family are members of First Baptist Euless.
