SUMMARY OF SUBJECT:

The 77th Texas Legislature passed Senate Bill 243, which made changes concerning the calculation and collection of impact fees by cities. Senate Bill 243 modifies the formula used to calculate the maximum impact fees for water and sanitary sewer and contains a provision that the mayor of cities that impose impact fees must submit a written certification to the Attorney General verifying compliance.

In 1999 the City Council set the impact fees to be imposed at 50% of the maximum allowable impact fees. In 2007, the City Council approved Resolution No. 07-1263 which affirmed and extended the collection of impact fees as set in 1999. Since the impact fees imposed are 50% of the maximum impact fees, the City of Euless' impact fees are in compliance with the provisions of Senate Bill 243.
