RE: Request for Contract Renewal

Dear Mr. Ackerman:

Austin Asphalt can extend the existing City of Euless contract with an increase in price by \$2.00/ton. Current Contract pricing is \$40.00/ton; plus the \$2.00/ton increase equals \$42.00/ton for Item 340.003 D-GR TY-D PG64-22 (FRAP & RAS).

Justification for increase is (Valero Rack Pricing attached):

PG64-22 during original bid = \$375/ton

Current PG64-22 = \$450/ton

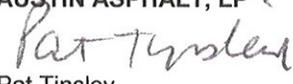

Virgin PG64-22 in Type D PG64-22 (FRAP & RAS) = 3.7%

$(\$450 - \$375) * 3.7\% = \$2.78/\text{ton}$ increase (Only asking for \$2.00/ton)

We appreciate this opportunity to be of service. If you have any questions please do not hesitate to contact our office. We look forward to working with the City of Euless in the future.

Sincerely,

AUSTIN ASPHALT, LP

Pat Tinsley
Sales Manager
