RE: Baze Road – Paving and Drainage Improvements BID #003-11

Dear Mr. Harts,

We received bids on April 20, 2011 for the above referenced project. Eight bids were received, with the low bid of \$1,269,134.50 submitted by McClendon Construction Co., Inc. and a high bid of \$1,731,559.00 submitted by Ed A. Wilson, Inc..

Our firm has had a recent experience with McClendon Construction and had no problems. They have constructed over 250 projects with the City of Fort Worth, and they performed well on those projects. All of the four references that we talked with spoke highly or spoke well of their capabilities and their performance and “would use them again”. I talked with Dan McClendon, president of McClendon Construction, and he expressed confidence in their ability to do the work based on their present work load and their experience with hundreds of similar projects.

Based on the above information, I recommend the City of Euless award the contract to the low bidder, McClendon Construction Co., Inc. for the Baze Road – Paving and Drainage Improvements in the amount of \$1,269,134.50.

If you have any questions, please contact me at 817-870-2422.

Sincerely,

H. Lynn Hilburn, P.E.

Bid Summary

for

Baze Road –Paving and Drainage Improvements,
