SUMMARY OF SUBJECT:

TRA has prepared plans to rehab existing wastewater mains along Boyd Branch in the City of Euless and also south of South Pipeline Road. At the April 10, 2012, Council Meeting, the City Council authorized the Mayor to execute an assignment of easements related to this wastewater rehab project. In the assignment of easements, the City of Euless retained rights to use the easements north of South Pipeline Road.

TRA is now seeking Temporary Access and Construction Easements on City property adjacent to the assigned easements. The easements will facilitate construction activities associated with the TRA wastewater rehab project.

Staff respectfully requests Council authorization for the Mayor to execute the Temporary Access and Construction Easements.
