

## **CITY COUNCIL COMMUNICATION**

June 26, 2012

**SUBJECT:** Consider Ratifying City Manager Action to Proceed with Emergency Repairs to the Well Located at 1400 N. Main Well Street

**SUBMITTED BY:** Ron Young, Director of Public Works and Engineering

**REFERENCE NO:**

---

### **ACTION REQUESTED:**

Consider ratifying City Manager action to proceed with emergency repairs to the well located at 1400 North Main Street, by Millican Well Service, LLC and finding that the procurement is necessary due to unforeseen damage to public equipment and finding that the repair is necessary to preserve the public health and protect the safety of the City's residents.

### **ALTERNATIVES:**

- Table the request
- Deny the request

### **SUMMARY OF SUBJECT:**

Millican Well Service pulled the pump and motor from the well site located at 1400 North Main Street to inspect the well casing. The water produced at this well had contained minute particles that clogged water filters. The City was notified that the well casing had four (4) holes at various depths that allowed water from upper aquifers to mix with water from the desired aquifer level. Millican has provided an estimate for providing four (4) patches to the well casing at a cost of \$64,950.

Trinity River Authority (TRA) is the primary source of potable water for the City of Euless. Potable water produced from City wells supplements the TRA supply and is essential when the TRA supply is interrupted. Staff requests that the City Council find that this purchase is a result of unforeseen damage to public equipment and the procurement is necessary to preserve and protect the public health and safety of the City's residents. While the TRA supply is adequate assuming uninterrupted service, it is critical that the City be able to depend on its wells in the event of any interruption of TRA service.

**FINANCIAL CONSIDERATIONS:**

Revenue Sources:

Expenditure Accounts: 502-8006-531.73-24

Budgeted Fiscal Year(s):

Estimated Expenditure: \$64,950
