Mr. Purvis

The current weather is just right for a Pathfinder Event Fundraiser. Will Sunday September 30th be an acceptable date?

I went by the City of Euless Planning and Development office on Monday. They said the area where we have the fundraiser has been roped off. They have asked me to confirm if you would allow us to still use the property.

I am asking if you would you consent to the Director of the Club Don Simmons to:

1. pull the rope through the poles enough for unload the truck and set up for the sale and return the rope to its original placement after the sale?
2. let perspective customers park to make purchases in the parking lot just below the area of sale?

As usual we will make sure the area is free of trash both in the area of the sale and the parking area.

The City of Euless Planning and Development has asked me to have a response from you regarding the items above by tomorrow Wednesday. This is in order to present our request to the Mayor the week of September 23rd for a Sept. 30th sale.

Thank you, for your kindness and support to the Mosier Valley Eagle Pathfinders.

Linda Simmons
Mosier Valley Eagles Associate Director
