

Date: October 29, 2012

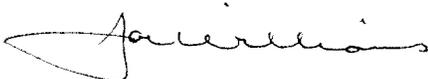

To: Mr. Mike Collins,  
Director of Planning and Economic Development,  
City of Euless Planning and Zoning

Subject: Request for continuance of existing SUP  
for Plato's Closet, 1301 W. Glade Rd.

Mr. Collins,

Plato's Closet has been in operation in this location since 2001 and would like to continue operations in the same center but in a new suite. We would like to move from Suite 110 to suite 210. We have actively supported three local high schools Grapevine, Colleyville, and Trinity along with many other schools and organizations in this area. We employ about 15 - 20 employees, many of which are students of these schools and residents of the community. Plato's Closet was originally granted an SUP from the City of Euless in 2001 and after our last approval was granted an allowance to continue our operations without the requirement for continued re-application. Plato's Closet has maintained a growing business in our current location and would like to continue to bring business and customers to this new location in the same way we have for the last 12 years. We have enjoyed operating in Euless and appreciate your support.

Regards,

Joe Williams  
Owner, Plato's Closet
