ATTN: J.T. Ackerman, Public Works Manager
1513 Westpark Way
Euless, TX 76040

RE: Bid #006-09, Annual Agreement to provide the City with Slurry Seal and Microsurfacing

Dear Mr. Ackerman:

Following, please find a list of new prices regarding the above contract for the city's consideration should the city desire to continue this agreement for 2013. These prices would be firm throughout the 2013 construction season.

Item # 1 Furnish and install Asphalt Slurry Seal CIP for
Three Dollars and Four Cents per SY. (\$3.04 / SY)

Item # 2 Furnish and install Microsurfacing CIP for
Four Dollars and Twenty Cents per SY. (\$4.20 / SY)

These price increases (7% for slurry seal & 3.5% for microsurfacing) are intended to compensate for the following:

1. Increased freight costs for materials delivered to the job
(trucking & fuel costs have been increasing steadily throughout the last year)
2. An increase in asphalt emulsion prices
(Our supplier has already quoted us a firm price for the 2013 paving season with an increase of approximately 13% over 2012)
2. An increase in labor costs
(to account for wage increases for returning employees)

Please advise if you require additional information.

Sincerely,

Brad Pearce

Brad Pearce
