ALTERNATIVES:

SUMMARY OF SUBJECT:

The City of Euless establishes Interlocal Purchasing Agreements with cities when it is advantageous to take advantage of combined quantities or by obtaining pricing offered to a larger entity. Items such as library books, maintenance services, fuel, and street materials are currently purchased through interlocal agreements.

This agreement would allow the City of Euless and the City of Plano to purchase items off each city's contracts as needed. The City of Euless initially intends to use the City of Plano's pricing for Uninterruptible Power Supply (UPS) system for use with the City's traffic signals.

It is recommended that City Council authorize the City Manager to enter into an Interlocal Agreement with the City of Plano, Texas.
