RE: Cullum Drive – Paving and Drainage Improvements BID #010-13

Dear Mr. Harts:

Bids were received on October 31, 2013 for the above referenced project. Four bids were received, with a low bid of \$1,088,738.00, submitted by McClendon Construction Co. Inc.

Our firm has had recent experience with McClendon Construction, in Argyle, Fort Worth and also in Euless on Baze Road. All entities have been generally pleased with the overall quality of work, construction timelines, and the handling of any necessary changes. They have constructed three projects that our firm has designed, and they performed well on those projects. I personally talked with Dan McClendon, president of McClendon Construction, and he expressed confidence in their ability to do the work based on their experience with a variety of similar projects.

Therefore based on the information above, I recommend the City of Euless award the contract to the low bidder, McClendon Construction Co., Inc. for the Cullum Drive – Paving and Drainage Improvements in the amount of \$1,088,738.00.

Please see the attached listing of the four bids received for this project. If you have any questions, please contact me at 817-548-0696.

Sincerely,

H. Lynn Hilburn, P.E.
Project Manager
