

Mr. Lamp,

On February 24, 2014, the Texas Commission on Environmental Quality (TCEQ) DFW Region Office Air Program received a notification for Mario Sinacola & Sons Excavating, Inc. to relocate a concrete batch plant to a location approximately 366 feet west of State Highway 121 Service Rd and approximately 1,170 feet north of Cheek Sparger Rd in Euless, Tarrant County, Texas (Rio Grande Blvd project). Your notification indicated that the concrete batch plant will be used to support a public works project, and will be located in or contiguous to the project right of way. The relocation notification has been logged into the Regional Database and meets the administrative requirements. An approval letter from the TCEQ is not required for this relocation.

Please contact me if you have any questions or if you need additional assistance.

Sincerely,

Greg Jones
Environmental Investigator, Air Section
