SUMMARY OF SUBJECT:

In preparation for the scheduled replacement of the Texas Star Golf Car fleet, staff has reviewed cars from Yamaha, EZ-Go and Club Car. Staff requested pricing from each vendor for the purchase of approximately eighty (80) golf cars. Club Car submitted the lowest price. In addition, Club Car will include the Visage GPS system with Standard Connectivity and Connected Car Control Module in the total purchase price. Club Car has also agreed to supplement the fleet during heavy tournament season, as necessary, at a rental rate of \$100 per car per month. The existing Yamaha fleet will be returned to Yamaha for a pre-determined buy back price per the original contract.

Staff has evaluated the aforementioned Club Car and recommends that City Council award the purchase of the golf car fleet to Club Car Golf Car Company based on price, functionality, and flexibility in the terms of the contract.
