SUMMARY OF SUBJECT:

Applicant: Quick-Way Manufacturing

Location/Zoning: 902 Heather Drive. The zoning of the property is Light Industrial District (I-1).

Project Description: Quick-Way Manufacturing has proposed a new storage building for their metal products to be located on their property along Heather Drive. The new storage building (labeled as Building #5 on the site plan) is proposed to be 5,965 square feet. The building will have two separate open canopies on either end of the building to shield product lifter movement from weather during the workday. The new building will be enclosed and will have a masonry exterior as per City of Euless regulations.

In addition to the new building, a new concrete surface will be installed on the south side of the site as well as a new emergency access lane connecting Heather Drive and Stanley Drive. The emergency access lane will be constructed to City standards.

In working with the property owner, a limited amount of landscaping will be installed with new turf along the new building frontage to Heather Drive. At the company's most visible corner of Heather Drive and W. Euless Boulevard, new hydromulch, trees and shrubs will be planted to provide additional landscaping environment along SH 10.

Staff recommends approval of the site plan.

The Planning and Zoning Commission considered this site plan at their April 15, 2014 regular meeting. The Planning and Zoning Commission voted to recommend approval with a vote of 6-0-0.
