Subject: Dollar General Construction on Hwy 10.

Hello,

Bode Olatunde had called and talked to you regarding the Dollar General Construction on 1640 W. Eules Blvd and to see if it can be on the agenda for the City Council Meeting on June 10th? Some of the residents that live adjacent to the proposed site would like to come as a group and talk about the construction.

Please reply all if it's possible for this to be on the agenda. Thank you for your time.

Thank you.
