ALTERNATE MEMBERS OF A BOARD OR COMMISSION

Alternate members of any board or commission should be furnished a copy of the agenda for any official meeting at the same time the regular board members are furnished a copy. The alternate members are encouraged to attend all meetings.

When a regular board member will be absent for any part of a meeting, an alternate should be requested to attend and sit in the regular board member's place **throughout** the meeting. The alternate should never be asked to step down once the meeting is in progress, even if a regular board member arrives late at the meeting.

Likewise, if a regular member is present at the beginning of a meeting, but knows he is going to have to leave early, the alternate member should sit in the regular member's place from the beginning of the meeting.
