SUMMARY OF SUBJECT:

Location / Zoning: 230 Vine Street. The property is zoned Texas Highway 10 Multi Use Zoning District (TX-10).

Project Summary: In 2013, Mr. Hartman Sr. had been issued a Specific Use Permit to allow an auto repair shop at 230 Vine Street. Mr. Hartman Jr. is now the new owner and would propose to operate the business in the same manner and under the same conditions that were included in the previously approved Specific Use Permit. The front portion of this building is used for retail purposes. Mr. Hartman would continue to operate the business from the rear portion of the building and utilize a portion of the front of the building as office and storage. Mr. Hartman proposes to continue to provide automotive repair services which have been listed as a potential condition to the Specific Use Permit. These activities are included in the Auto Repair and Tire Repair definitions.

The business owner will be required to perform all work internal to the structure. The building contains several bays with overhead doors. In addition, no vehicles will be stored exterior to the building overnight and exterior display of merchandise would not be allowed.

Auto Repair uses require a Specific Use Permit within the TX-10 zoning district.

The Planning and Zoning Commission held a public hearing on August 19, 2014 and discussed issues with the site including organization of parking in the front of the building and expressing concerns regarding the overall condition of the building. As part of this particular business, the new owner will be required to obtain a certificate of occupancy in his name which will require new building and fire inspections of the structure. A new certificate of occupancy will not be issued unless any issues resulting from the inspections are resolved.
