

**13301 TRINITY BLVD STE 101
EULESS, TX 76040**

At the age of 14 my father opened International Automotive an auto shop in Irving, TX that he owned & operated for twenty years. My mother would drop me off a couple times a week for me to help my father with keeping the shop clean & organized, the more I hung around the more I thought to myself I may just learn a thing or two about working on cars. Now it wasn't my favorite past time but working on cars was in my DNA. I spent my high school years working with my father after class, but also tried many other jobs before ultimately ending up back at work with dad. After gaining hands on experience working on cars with my father I was hopeful to get a job at a local dealership in search of more experience to advance my career. I accomplished that in June of 1991 and became a service technician at Toyota of Irving where I later moved on to Stadium Toyota which eventually became Don Davis Toyota. For the next several years Don Davis sent me to Gulf States Toyota technical training, where I fulfilled Toyota's required Certified Technician Program, becoming a Toyota Pro Technician and later achieved my ASE Master Technician & Toyota Master Technician certifications. After years of employment at a couple more Toyota Dealerships I decided that it was time for me to follow my father's footsteps and with my parents help TLS Auto Specialist was born. We're a specialty shop that works exclusively on Toyota Lexus & Scion's. My son and I opened the doors to TLS in fall of 2009 and like his father and grandfather working on cars is in his DNA.

Thank you kindly,
Fred Nehrke Jr

TOYOTA LEXUS SCION
