Hi Ms. Getchell;

Please find attached for your and concurrence the proposed strip map to be submitted to Austin. Due to the removal of environmental speed limits and the completion of the construction along the SH 121 corridor and its associated speed changes, it was brought to our attention that the area of SH 360 submitted needed to be studied and thus you are receiving this email. If you could reply your concurrence for the proposed strip for my records , by noon tomorrow July 24, 2015, so that I may submit the map to Austin for approval tomorrow afternoon. it would be appreciated.

Thank you.
