SUMMARY OF SUBJECT:

The Americans with Disability Act mandates that the City of Euless provide equal opportunity for individuals with disabilities. It prohibits discrimination in access to jobs, public accommodations and government services including programs, services, activities and facilities. The ADA Transition Plan approved December, 2014 was based on a self- assessment and provided a framework for addressing barriers that had been identified to providing access to persons with disabilities. The plan included a grievance procedure, a listing of identified barriers, a summary of actions taken to improve access, a listing of sidewalk and curb ramps that had been completed and those that remained to be completed. This update identifies items that have been completed during the past year and reflects changes and additional items that have been identified.

Staff recommends approval of the updated ADA Transition Plan.
