Specific Use Permit Case #11-SUP

Glade Crossing Shopping Center
Block 1, Lot 1R1A
101 W. Glade Road, Suite 201

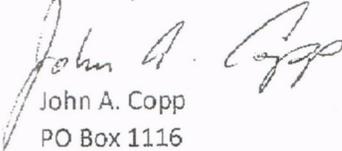

Sirs:

I wish to express my STRONG OBJECTION to the potential use of the subject property for Dog Grooming, Day Care and Kenneling. This potential use is not consistent with the general nature of a retail shopping center and the quiet enjoyment of an adjoining residential neighborhood. In my opinion facilities of this type should be restricted to a location where more segregation is available. Perhaps an area zoned agricultural would be more consistent with the keeping of animals.

Previous exceptions to the approved planned use of facilities in the Glade Crossing Shopping Center have not lived up to the concept of maintaining the residential nature of the adjoining neighborhood. There is no reason to assume this change would be anything but harmful.

I have attached an email from a long time tenant. Also expressing objection to this permit action.

Sincerely

John A. Copp

Well, I do not like the idea as well. We already have a lot of noise at the site with the parties that are held at The Reserve on weekends.

Thanks,
Armindo

Armindo

Thank you for forwarding this letter. Do you have any feelings about the facility? I am not really in favor of it. I am afraid that it will impact you and your use of the property. If you would like me to offer the City any comments on your behalf please let me know.
