OUR OBJECTIVE

Our goal is to provide every Euless citizen the opportunity to experience what it is like to be a Euless firefighter/paramedic.

Students of the Citizens Fire Academy are able to interact with firefighters and learn from class lectures and hands on demonstrations.

The class is free and all required equipment is provided . The size of the class is limited to provide ample opportunity for the students to participate with all activities

Students leave the class with a clearer understanding and increased awareness of the day-to-day operations of the fire department.

The Citizens Fire Academy is an enjoyable way to increase fire department awareness and promote good will between the Euless Fire Department and the community we serve. We look forward to seeing you in a future class!
