

APPLICATION REQUIREMENTS FOR FINAL PLAT

General Information

A Final Plat is the one official and authentic map of a subdivision of land, prepared from actual field measurement of all identifiable points. All boundaries, corners, and curves of the land division are sufficiently described so that they can be reproduced without additional references. In accordance with Local Government Code Section 212.004, when the owner of a tract of land that is located within a City's limits divides the tract into two or more parts, the owner must make a Final Plat based on the City's development ordinances and the Local Government Code.

Final Plats for subdivisions which create no more than four lots and do not require the creation of a new street or the extension of municipal facilities may be approved by the Director of Planning and Development and the City Engineer as "Minor Plats"; all other Final Plats require approval by the Planning and Zoning Commission (P&Z).

Instructions

1. **Staff Review** All Final Plats will first be reviewed by City staff on the Development Review Committee (DRC) for compliance with City codes, regulations, and policies. The following items must be submitted to the Planning and Development Department by noon on Monday in order to be distributed in staff meeting the next day. Staff comments will be returned to the applicant on Tuesday of the following week. All plans submitted shall be folded to approximately 8"x9", with the title on top.

- completed application form and check list
- application fee: \$275 (if there are public improvements, add the greater of 5.00/acre or 3.00/dwelling unit)
- 15 copies of the Final Plat
- closure calculations of the boundaries of the property
- Certificate of Acceptable Public Improvements OR Subdivision Improvement Agreement, signed by the City Engineer
- Tax Certificate from Tarrant County
- Tax Certificate from Grapevine-Colleyville Independent School District if the property is located north of Bear Creek
- signatures of Utility Company representatives on Franchise Utility Company Approval forms
- LOMR documents

The Plat application is not complete until a "Certificate of Acceptable Public Improvements" or a Subdivision Improvement Agreement is attached by the City Engineer. Staff will review the Final Plat only once before either is received.

2. **Approval** Staff comments are forwarded to the applicant for preparation of a revised submittal. The revised submittal is again reviewed by the DRC, and if it conforms to City codes, regulations, and policies (or includes a request for a variance), it is certified as such. Minor Plats are then forwarded to the Director of Planning and Development and the City Engineer for their signatures. All other Plats are placed on the P&Z agenda. The following items must be submitted to the Planning and Development Department as soon as possible for Minor Plats, and for other plats by noon on Monday 8 days prior to the P&Z meeting:

- ❑ 24"x36" folded and collated copies – 20 for Minor Plats, 25 for others
- ❑ 2 – 24"x36" mylars (3 if the applicant wants one to be returned)
- ❑ 1 – 8 ½"x11" reduction
- ❑ 1 copy of the Owners Certification, Property Description, and Dedication on 8 ½"x11" or 8 ½"x14" paper

Based on the DRC's recommendation, the P&Z makes the final decision of approval, conditional approval, or denial of the Final Plat. Approved Final Plats will be filed by City staff at the County, and 1 copy of the filed Plat will then be returned to the applicant.
