

To Whom It May Concern:

Plaza Suites will be an independent hotel not affiliated with any chain. We have some crew members who have promised to use this hotel, they have used it in the past & will be using in the future.

Under the same company we have La-Quinta inn & suites, Euless which is a solid chain in Texas & the overflow of this hotel will be going to Plaza suites.

From the time the comfort flag is gone Plaza suites have performed much better than that. The standards of Plaza suites are higher than Comfort.

In our next phase this hotel will be seen online working in full co-ordination with the online travel agents like Expedia, Travelocity & Orbits.

In the end Plaza suites have turned out much better than Comfort & we request you to allow us to get the sign changed.

Sincerely,
Rahul Sharma
General Manager.
