SUMMARY OF SUBJECT:

The Trails of Euless-Western Extension (Glade Parks Trail Connection) is a grant funded, 12' wide shared use pathway that was awarded to the City of Euless by the Texas Department of Transportation as part of the federally funded Transportation Alternatives Program. The Western Extension of the Trails of Euless, which is identified in the 2035 Regional Mobility Plan, will link the existing Trails of Euless on the east side of SH 157 to current and future planned pedestrian pathway connections on the western edge of the Glade Parks mixed use development along Heritage Avenue.

The project was advertised as required, and six bids were received and opened on July 26, 2016. The low bid, received from C. Green Scaping, LP, met all City of Euless and TxDOT bid requirements and is therefore recommended for your award.
