

WINTER / SPRING

2008 - 2009 EDITION

EULESS ★ Today

NEW FIRE CHIEF ANNOUNCED ★ RECREATION CLASSES ★ SPECIAL EVENTS

Greetings from the Mayor

Welcome

Dear Citizens,

The long lazy days of summer have disappeared into the sunset and the very busy days of fall are upon us. The elections are over and the TV shows have returned without political interruptions. We now need to respect our new president and move on to our community events.

We celebrate our new Insurance Services Office upgrade for our Fire Department. This initiative took some time and work to accomplish and we congratulate our staff members who worked on this project. This will mean lower home insurance rates for our citizens.

Along with the new ISO rating we welcome our new Fire Chief Robert Isbell. Robert served as the Assistant Fire Chief during Chief Koontz's tenure and is familiar to many of our citizens.

The Library renovations are complete with new carpeting, new upholstered chairs and a wonderful new historical/genealogy room. There are also additional study rooms and some large enough for group studies. The conference room has been updated as well and is used for library programs as well as city events.

The Texas Star Conference Centre is coming along. Renovations will be completed by early 2009 and the entire Centre will be open at that time. There will be a larger conference room, smaller conference rooms, a larger kitchen and many other wonderful amenities.

The City Council has approved the tax rate for the 2008-09 year and it remains .47 cents per \$100. This will allow staff to provide the many activities at the recreation center and the library. We will continue renovating city facilities and our infrastructure and will follow the five-year plan that is updated each year. We are very fortunate to be able to furnish the necessary services as well as the extraordinary services.

The City Council has completed the appointments for the Boards and Commission members. We thank all our citizens who have served in the past and those who will serve this next year. We appreciate the commitment of citizens who choose to serve.

There are several new businesses in our city and we urge you to visit those businesses and shop in our city. The Shops at Vineyard Village is filling up nicely and there are a couple of new restaurants going in as well as a Sears Appliance store. Glade Parks across the highway is completing its infrastructure and we will see new buildings going up very soon.

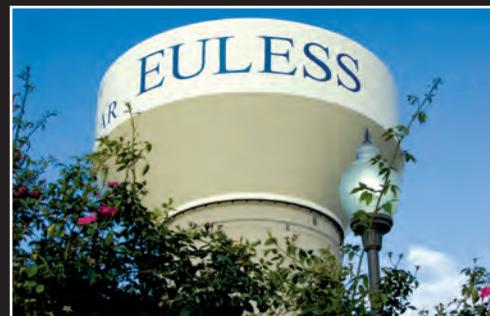

The holidays are here and we wish you all a healthy, happy season.

Mary Lib Saleh
Mayor

The "Spirit of Arbor Daze" sculpture resides in the City Hall Courtyard. This bronze public art piece, dedicated in 2000, has weathered many storms and is a continual reminder of the importance of trees in our community for their beauty and majesty. It serves as a reminder of the premise set forth by the National Arbor Day Foundation that, "Trees wherever they are planted, are a source of joy and spiritual renewal."

New Eules Fire Chief Announced

Eules City Manager Gary McKamie announced in July that Robert Isbell has accepted the position of Fire Chief for the City of Eules. Isbell has served as Deputy Fire Chief of Eules for the past five years.

Isbell has served as Fire Chief and Battalion Commander in Southlake. Prior to that he worked for the City of Mansfield, where he began in 1985 as a Firefighter/Paramedic and promoted through the ranks to Training Captain.

"I've received valuable training everywhere I've been from Mansfield to Southlake to Eules, that has prepared me for leading this first class organization," said Isbell.

Isbell holds an Associate's Degree in Fire Protection Technology from Tarrant County Junior College and a Bachelor's Degree in Public Safety Administration from Grand Canyon University. Isbell completed the Executive Fire Officer Program from the National Fire Academy in Maryland and is currently completing a Master's Degree in Executive Leadership also from Grand Canyon University.

Isbell and his wife Laura have been married for 15 years. They have three children: Sarah, Hannah and Emily.

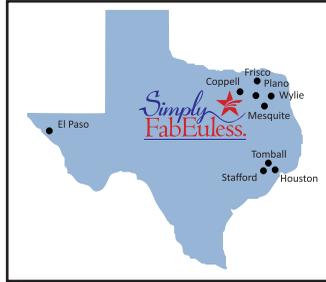

What Should I Do With My Analog TV?

After Feb. 17, 2009, most television stations will broadcast only a digital signal, as required by the Digital Television Transportation and Public Safety Act of 2005. You will not be affected by the transition if you own a television with a digital tuner or subscribe to cable or satellite. You can also choose to extend the life of your analog set by purchasing a converter box. Retailers estimate selling converter boxes for \$50- \$70. Every U.S. household may request up to two free coupons-worth \$40 each-good towards the purchase of two certified TV converter boxes. For more information on how to get your coupons, visit www.dtv2009.gov.

If you decide to buy a digital TV and no longer want your old analog set, look for opportunities to recycle it. Recycling television sets recovers valuable materials from the circuit boards, metal wiring, leaded glass and plastics. Watch for information about the spring household hazardous waste collection to recycle TVs. To find a local recycling program, visit www.CLEANUP.org.

Eulesse Receives Coveted ISO Class 1 Rating

The City of Eulesse proudly announces that the Eulesse Fire Department has been upgraded to a Class 1 Fire Department by the Insurance Services Office (ISO). This is the highest rating awarded by the ISO. With this change in classification, effective Jan. 1, 2009, citizens and businesses in Eulesse will enjoy a reduction in insurance rates as their insurance policies renew. Eulesse is the tenth city in Texas to receive this rating.

City officials recognized the economic benefits of a lower rating and began upgrading Eulesse's infrastructure. Eulesse City Council along with retired City Manager Joe Hennig and retired Fire Chief Lee Koontz worked to meet the demands of rapid growth and made significant improvements in our fire defenses. A new fire station was built, fire apparatus was upgraded and additional staffing was provided to ensure rapid response to local emergencies. In addition, Eulesse Firefighters train together frequently to remain skilled on the latest techniques and technology in fire protection.

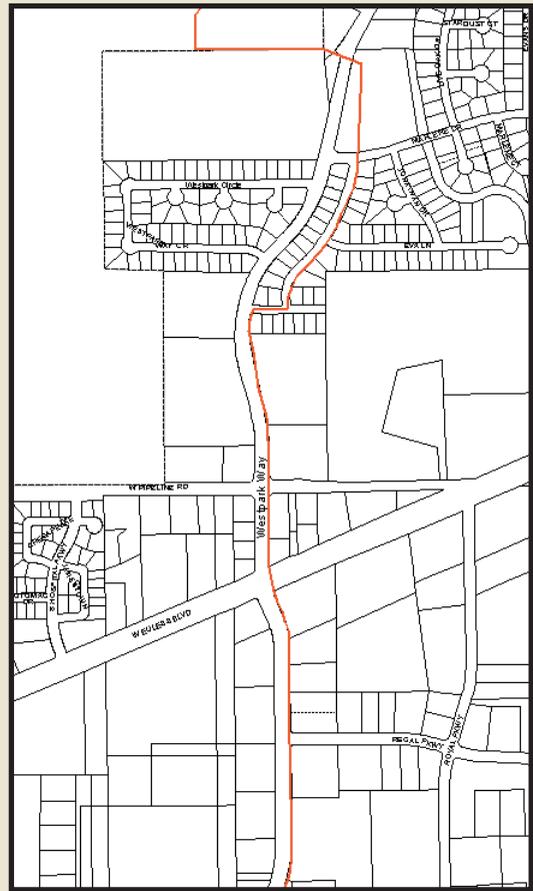

"This achievement is not only a testament to the hard work and expertise of our Fire Department, but also the many other supporting departments that helped us achieve this ranking," said City Manager Gary McKamie. "The City is committed to protecting our residents, businesses and visitors and this recognition is one further example of our focus on safety."

CrimeReports.com

The Eulesse Police Department is proud to offer a new crime tracking software program for our citizens. Anyone can now access the system at www.crimereports.com. CrimeReports.com is a web site that provides tools to help law enforcement agencies communicate directly with members of the public using maps and automated alerts.

Type Eulesse in the search bar to access the crime data or simply enter the address you wish to search. The system is easy to use and operates using Google map technology. Crime reports are automatically updated every 24 hours.

New Water Line Installation

The Trinity River Authority will begin installation of a 60 inch water line in the late fall of 2008. The map above shows the general path of this new five-mile water line that will serve both Eulesse and Bedford residents. This construction was bid in the fall and an approximate nine months of construction will follow. The city has begun notifying residents that will be directly affected by this construction. If you have any questions, please contact Engineering at 817-685-1694.

Graduating Classes

Congratulations to the graduating classes of the Citizens Fire Academy, the Citizens Police Academy and Community Emergency Response Team. For a complete list of graduates or for more information about these programs, please visit the Eulesse web site at www.eulesse.org.

Texas Star Undergoing Renovation

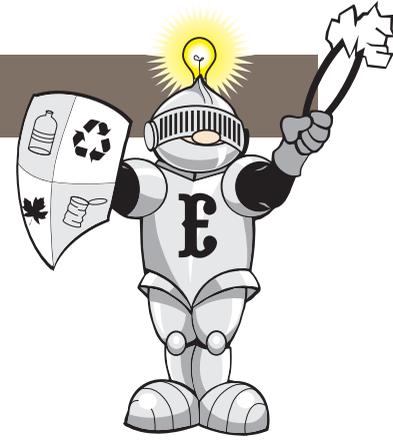

Renovations began at Texas Star Conference Centre in February. The expansion on the south side of the building is now complete, which included the addition of conference rooms to allow for capacity of 300 guests. Two break-out/meeting rooms have been added, along with a full-sized catering kitchen. Improved audio-visual equipment will be installed throughout the conference centre including mounted projectors and drop down screens.

The Raven's Grille has now moved to the southern end of the building into their new large breakout room. The chef's have relocated into the catering kitchen during the renovation of the Grille. The current kitchen will be increased to more than one and a half times its current size and the current patio will be enclosed with casing windows which will give capability of opening the windows during nice weather. Two new patio areas will be added to the west side of the building. One will be for the conference guests and one is for the Raven's Grille outdoor dining. North side construction should be completed around March 2009.

The changes are much anticipated by all who use Texas Star and will allow us to continue to provide great service in a quality facility to our existing and new clients.

Earl's Pearls

Why Plastic Caps Belong in the Trash, Not the Recycle Bin

Q: Earl - Everyone knows we should recycle metal, glass, and plastic cans and bottles, but what about all the lids, tops, and caps? I see people recycling plastic bottles, for example, with their caps on, but I've always been told to throw them out. Is that wrong?

- Lidia in Euless

A: Dear Lid -

Many recycling programs throughout the U.S. still do not accept plastic lids, tops and caps even though they take the containers that accompany them. Plastic lids are not typically made of the same plastic as their containers and therefore should not be mixed in with them.

Just about any plastic can be recycled, but when two types are mixed, one contaminates the other, reducing the value of the material or requiring resources to separate them before processing. Plastic caps and lids can also jam processing equipment at recycling facilities, and the plastic containers with tops still on them may not compact properly during the recycling process. They can present a safety risk for recycling workers.

Town Hall Meetings

The Euless Town Hall meetings will be held at 7 p.m. on January 15 and January 29 in the City Council Chambers at Euless City Hall.

Representatives from all City departments will be on site to take your questions, comments or suggestions. For more information, please call (817) 685-1563. Your opinion is important, and we want to hear from you!

Avoid Holiday Fire Disasters

The holidays are a special time of year when families come together to celebrate. Unfortunately, the holidays are also the busiest time of year for firefighters. With the introduction of cold weather and increased use of candles and decorations, residential fires typically peak in December and January. Please follow some of these simple tips from the Euless Fire Department to keep your family safe.

Candle Safety:

- Keep matches, lighters and lit candles out of reach of children and pets.
- Burn candles away from windows, doors, drafts, other heat sources and flammable materials.
- Don't place them on Christmas trees.
- Never allow a candle flame to touch any glass surface.
- Don't burn candles more than four hours at a time.
- Remove labels and tags from candles before burning.
- Keep wicks trimmed to ¼ inch at all times.
- Extinguish candles by wetting the wick rather than blowing out.

Christmas Tree Decorating:

- If you purchase an artificial tree, select one that is listed as flame retardant.
- If you wish to purchase a live tree, choose one that is not already losing needles excessively. This may indicate that it is already dried out.
- When you get your live tree home, cut one inch off the base and stand the tree in a bucket of water for twenty-four hours in the garage or other unheated portion of your home. Cut off another inch before placing the tree in a sturdy tree stand that will hold one gallon of water.
- Keep your tree stand full of water so your tree will remain fresh throughout the season.
- Place your tree away from exits, heat discharge vents and heat sources such as stoves, space heaters and fireplaces. These dry out trees and are potential sources of ignition.
- Use lights listed by Underwriters Laboratories, and do not string together more than the manufacturer recommends. NEVER USE CANDLES!

- Turn off all electric decorations when you go to bed or when leaving your home.
- Keep an eye on those small, inquisitive kids when they are near the tree.

Turkey Frying:

- Turkey fryers should always be used outdoors on a flat surface away from buildings and other material that can burn.
- Never use turkey fryers on wooden decks or in garages.
- Never leave the fryer unattended. Most units do not have thermostat controls. If you don't watch the fryer carefully, the oil will continue to heat until it catches fire.
- Never let children or pets near the fryer when in use. Even hours after use, the oil inside can remain dangerously hot.
- Avoid oil spillover and do not overfill the fryer.
- Use well-insulated potholders or oven mitts when touching pot or lid handles. If possible, wear safety goggles to protect your eyes from oil splatter.
- Oil and water don't mix so be sure the turkey is completely thawed before cooking.
- Keep an all-purpose fire extinguisher nearby.
- Never use water to extinguish a grease fire.

Remember to use your best judgment when attempting to fight a fire. If the fire is manageable, use an all-purpose fire extinguisher. If the fire increases, immediately call 9-1-1 for help. Follow these tips for a safe and wonderful holiday season!

If you have any questions please call the Fire Marshal's Office at 817-685-1600.

Christmas Lights Removal

To protect your home from possible fire and electrical damages, please remove your outdoor Christmas lights, as soon as the Holidays are over. This is required by the National Electrical Code, Article 527, Section 527.3-B. If you have questions, please contact Code Services at 817-685-1625. Your assistance is greatly appreciated!

The All-New *Simply FabEules* Trivia

Donate or Loan

The Eules Historical Preservation Committee is always looking for artifacts for the City's Museum. We're especially interested in items from between the 1850's and 1930's. You can either donate or loan your items with the peace of mind that they will be lovingly preserved and displayed to share with others in our community. Call 817-685-1649 or email ofaiva-siale@ci.eules.tx.us for more information.

The Ex-Mayors of Eules

How much do you know about the city you live in? Introducing the all new *Simply FabEules* Trivia. Beginning with this issue of *Eules Today*, we will have Historical Trivia to see how much our citizens know about the city we live in. Do one of the following and enter a drawing to win a *Simply FabEules* prize:

1. **Name any seven of Eules ex-Mayors**
2. **Give the years served by any five of the ex-Mayors (i.e. 1974 -1981)**
3. **List in order of service all nine of the ex-Mayors (begin from earliest to most recent)**

Contact "Mary" at ofaiva-siale@ci.eules.tx.us or 817-685-1649 with your answer and enter the drawing for your *Simply FabEules* prize. **Deadline for entries: Dec. 17, Feb. 11, and April 4.** Drawing will be on December 18, February 12 and again on April 5. Five winners will be selected from each drawing. Prizes will range from facility rentals to free golf at the Texas Star Golf Course and everything in between.

**Rules of participation: City of Eules employees, Council Members and Board and Commissions Members and their families are excluded from participation. Selection of prizes for each drawing will be at the discretion of the City of Eules.*
