INTRODUCTORY SECTION

THE CITY OF
EULESS

February 27, 2018

To the Honorable Mayor,
Members of the City Council, and
Citizens of the City of Euless, Texas

The Finance Department and City Manager's Office are pleased to submit the Comprehensive Annual Financial Report ("CAFR") for the City of Euless, Texas ("City") for the fiscal year ended September 30, 2017. This report complies with State law which requires that all local governments publish, within six months of the close of each fiscal year, a complete set of financial statements presented in conformity with accounting principles generally accepted in the United States of America ("GAAP") and audited in accordance with auditing standards generally accepted in the United States of America by a firm of licensed certified public accountants.

This report is published to provide the City Council, City staff, citizens, bondholders, and other interested parties with detailed information concerning the financial condition and activities of the City. The report consists of City management's representations concerning the finances of the City. Consequently, management assumes full responsibility for the accuracy, completeness, and reliability of all of the information presented in the report. To provide a reasonable basis for making these representations, management of the City has established a comprehensive internal control framework that is designed both to protect the City's assets from loss, theft, or misuse and to compile sufficient reliable information for the preparation of the City's financial statements in conformity with GAAP. Because the cost of internal controls should not outweigh the benefits derived from them, the City's comprehensive framework of internal controls has been designed to provide reasonable rather than absolute assurance that the financial statements will be free from material misstatement. As management, we assert that, to the best of our knowledge and belief, this financial report is complete and reliable in all material respects.

The City's financial statements have been audited by Weaver, L.L.P., a firm of licensed, certified public accountants. The goal of the independent audit is to provide reasonable assurance that the financial statements of the City for the fiscal year ended September 30, 2017, are free of material misstatement. The independent audit involved examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements; assessing the accounting principles used and significant estimates made by management; and evaluating the overall financial statement presentation. The independent auditor concluded, based upon the audit, that there was a reasonable basis for rendering an unmodified ("clean") opinion that the City's financial statements for the fiscal year ended September 30, 2017, are fairly presented in conformity with GAAP. The independent auditor's report is presented as the first component of the Financial Section of this report.

This report is presented in three sections: Introductory, Financial, and Statistical. The Introductory Section includes this transmittal letter, a listing of City Officials, and an organizational chart of the City. The Financial Section includes the independent auditor's report on the basic financial statements, Management's Discussion and Analysis ("MD&A"), basic financial statements, the notes to the basic financial statements, and combining and individual fund statements and schedules. The MD&A is a narrative introduction, overview, and analysis to accompany the basic financial statements. This letter of transmittal is designed to complement, and should be read in conjunction with, the MD&A. The City of Euless' MD&A can be found immediately following the independent auditor's report. The Statistical Section includes financial and demographic information relevant to readers of the City's financial statements. The statistical data is generally presented on a multi-year basis.

Profile of the City of Euless, Texas

The City of Euless is located in North Central Texas in Northeast Tarrant County approximately 16 miles west of Dallas and 16 miles east of Fort Worth. Euless is readily accessible by State Highway 183 which is a multi-lane expressway linking Dallas to Fort Worth. Other major highways through the City include State Highway 121, State Highway 360, State Highway 10 and Farm-to-Market Road 157. Euless' centralized location provides quick access to both Dallas and Fort Worth metropolitan areas and is adjacent to Dallas-Fort Worth International Airport ("DFW Airport"), one of the world's busiest airports. The City is approximately 16.9 square miles and serves a population of approximately 54,870.

The City of Euless was incorporated February 24, 1953 and is a home rule city operating under a Council/Manager form of government. The City Council is comprised of the mayor and six council members who are elected at large. The Council has the authority to enact local legislation, levy taxes, adopt budgets, determine policies, incur debt, and appoint the City Secretary, City Attorney, Municipal Court Judge, and the City Manager. The City Manager reports directly to the City Council, and is responsible for the daily management of the various City departments. Council members serve three-year staggered terms, with two council members elected each year. The Mayor is elected to serve a three-year term. In addition, several boards and commissions were created to assist the City Council in deciding matters of policy and procedure and meet on various issues throughout the year.

The City of Euless provides a full range of services to its citizens including: police and fire protection; emergency ambulance services; municipal court operations; development and code services; construction and maintenance of streets and highways, parks, and recreational facilities; water service and wastewater collection and treatment; and library operations. The City also operates atop-ranked, 18-hole golf course and conference center, an adult softball facility, youth athletic complex, and an aquatics center. Internal services of the City account for risk management, equipment replacement, and employee insurance coverage activities on a cost reimbursement basis. Private contractors, through franchise agreements, provide solid waste and recycling collections and disposal services for the City.

Four component units of the City, the Euless Development Corporation, the Euless Crime Control and Prevention District, Tax Increment Reinvestment Zone (TIRZ) #3 — Glade Parks, and Tax Increment Reinvestment Zone (TIRZ) #4 — Midtown, are presented in the financial statements of the City as blended component units. Data for these organizations is recorded and presented in special revenue funds of the City's financial statements. Additional information on these component units can also be found in Note 1 in the Notes to the Basic Financial Statements.

The annual budget serves as the foundation for the City of Euless' financial planning and control. Per the City Charter, the City Manager provides to the City Council the proposed budget by August 1st each year. The budget is filed with the City Secretary and is open for public inspection. Upon receipt of the budget, the City Council sets a date for a public hearing at which time interested citizens may express their opinions regarding the proposed budget. The Charter requires the Council to adopt the budget by a favorable majority vote at least ten days prior to the beginning of the next fiscal year.

The City Manager is authorized to transfer budgeted amounts between line items and departments within any fund; however any revisions that alter the total expenditures of any fund must be approved by the City Council. Budgetary control has been established at the individual fund level. Financial reports are produced showing budget to actual expenditures by line item and are distributed monthly to City departments for review.

Economic Condition

The information presented in the financial statements is perhaps best understood when it is considered from the broader perspective of the specific environment within which the City of Euless operates.

The City of Euless is located in Tarrant County in the heart of the Dallas/Fort Worth (DFW) Metroplex and adjacent to the DFW International Airport. Thus, the economic vitality of the region significantly impacts the economic health of Euless.

Airports Council International ranks DFW Airport as the tenth busiest airport in the world, handling over 65 million passengers a year. DFW Airport reports service is provided to 223 destinations. It is reported by the airport that economic activity across the North Texas area attributable to DFW Airport totals \$37 billion in economic output, 228,000 in full-time jobs, and \$12.5 billion in payroll.

According to the North Texas Commission, DFW is the fourth largest region in the US and has experienced tremendous growth during the past decade. With its highly-diversified economy, DFW has a population of over 7.2 million, a Gross Metro Product of \$504 billion, a labor force of over 3.5 million, a 2.6% job growth rate, 22 Fortune 500 Firms, and college enrollment of almost 333,000. Such an economic environment has helped the region weather economic downturns in key sectors better than other regions in the nation.

The Alliance Texas development in North Fort Worth is an 18,000-acre master-planned, mixed-use community which is home to more than 425 companies, 44,000+ employees, and is anchored by the inland port known as the Alliance Global Logistics Hub. This area offers a variety of commercial real estate options, industrial space, office space, and retail facilities and had a \$4.32 billion annual impact in North Texas in 2014 (www.allianceairport.com, Alliance Texas Facts).

Taxable value for all residential and commercial property in the City of Euless is estimated at approximately \$4.0 billion for tax year 2017, which is a 12.6% increase from the prior year, due to increases in both residential and commercial real estate property values. Sales tax collections increased during FY2016-17. Euless continues to look for additional revenue opportunities in order to minimize the tax burden to citizens and strives to cut costs without impacting service.

The City also receives a significant amount of revenue from a consolidated rental car facility located at DFW Airport. The City Council has chosen to use this funding source to build reserves and to cash flow capital projects in lieu of debt issuance. This has allowed the City to refrain from becoming overly dependent on a volatile resource while providing for needed improvements for citizens.

The City of Euless has approximately 614 acres of undeveloped land outside of DFW Airport. Much of the Glade Parks mixed-use development consisting of major retail, restaurants, neighborhood pedestrian-oriented retail uses and residential neighborhoods is currently under construction.

The Dallas Cowboys AT&T Stadium and Texas Rangers Globe Life Park in Arlington, within minutes of Euless, continue to attract additional tourism to the City by hosting major concerts and sporting events, including Super Bowl XLV in 2011, World Series in 2010 and 2011, NCAA Regional Basketball Tournament in 2013, the NCAA Final Four Basketball Tournament in 2014, the first College Playoff National Championship game in 2015, and the 2015, 2016 and 2017 Cotton Bowls.

During the fiscal year, the City continued the annual street overlay program, Americans with Disability Act (ADA) improvements, and street light and sidewalk maintenance programs. Additionally, the City completed wastewater line replacements for sections of Glenn Drive and Oakwood Terrace Phase I, water line replacement at Ector Drive, Texas Star Sports Complex Phase VI, Municipal Plaza Improvements Phase I, and Public Works Yard Improvements.

Population with a median age of 34.9 years (U.S. Census Bureau American Fact Finder 2015) has increased from 54,013 to 54,870 in ten years. The City's median household income is \$54,974, which compares favorably to \$53,207 for the State of Texas (U.S. Census Bureau American Fact Finder 2015). The educational level is 90.3% high school graduate or higher (U.S. Census Bureau American Fact Finder 2015).

Long-Term Financial Planning

The City of Euless has developed a comprehensive capital improvements document as well as a multi-year financial plan. Such strategic planning has allowed the City Council to fund several major infrastructure upgrades, park enhancements, and capital purchases in a systematic manner while considering the full impact to the operating budget and tax requirements. Many of these projects have been completed on a pay-as-you-go basis by utilizing operating revenues, excess reserves, and rental car taxes, thereby avoiding the issuance of additional debt.

The City Council and citizens of Euless have determined that debt issuance is a viable method of financing major capital projects. Analysis of potential debt issuance includes the operating impact the repayment thereof will have on citizens, property tax rates, and enterprise fund service fee revenues. Per the City's fiscal policies, long-term debt will not be used for operating purposes and the life of the debt instruments will not exceed the useful life of the projects financed. Policy also specifies that bonds with an average life of 20 years or less will be issued to reduce net interest cost and maintain future flexibility by paying off debt earlier. The majority of the City's existing long-term debt was used to finance infrastructure needs and traditional government facilities such as streets, utility infrastructure, and development of parks and open spaces.

The City's fiscal policies state current expenditures will be paid with current revenues. Deferrals, short-term loans, or one-time sources will be avoided as budget balancing techniques. Reserves will be used for emergencies or nonrecurring expenditures, except when balances can be reduced because levels exceed guidelines or legally-required minimums.

Fiscal policies provide for a General Fund reserve equal to between 30 and 60 days of working capital. At no time shall the reserve fall below 8.3% of the General Fund expenditure budget (i.e. 30-day level). The current operating reserve is at 110 days of operations which equates to approximately 30% of next year's budgeted expenditures. At the end of the current year, the City was in compliance with this policy.

The City's fiscal policies for the Water and Wastewater Fund require the maintenance of a minimum reserve of 45 to 75 days of working capital. The City currently maintains an 85.8-day reserve. Water and Wastewater revenue bond covenants require the City to maintain reserve amounts sufficient to cover the average annual debt service requirements. This revenue bond reserve is in addition to the working capital required by the City's fiscal policies and is maintained in a separate fund on the general ledger. As of September 30, 2017, the revenue bond reserve totaled \$641,350.64 which meets the required average annual debt service per bond covenants.

Standard & Poor's Ratings Services, a division of the McGraw-Hill Companies, Inc. rates the City's general obligation debt and sales tax revenue debt at AA and the water and wastewater revenue debt at AA+. Moody's Investor Service, Inc. rates the general obligation debt and water and wastewater revenue debt at Aa2. Additional information about the rating agencies or the significance of the ratings provided may be obtained from each agency's web site.

Major Initiatives

The City has partnered with Tarrant County, surrounding cities, local churches, and businesses to renovate qualifying homes in the community through the Tarrant County Home Program and the Community Powered Revitalization Program ("CPR"). Through this partnership, the cities of Hurst, Euless, and Bedford have joined forces to assist qualifying residents in all three communities.

The City's Facility Master Plan and ADA Transition Plan address facility needs of the City. The Parks Master Plan, which focuses on improving the quality of life for the community, includes additional hike/bike trails, park amenities and upgrades.

The City has completed several projects in the past year and has many others underway. The City believes it is critical that the street, water, wastewater, and drainage systems are properly maintained and systematically upgraded. While these are not glamorous, these represent the most basic governmental functions. Deferral of these projects creates a financial burden for future generations.

During 2017, several street overlays were completed in accordance with Pavement Condition Index scoring criteria as well as several Americans with Disabilities Act curb and ramp improvements. Fiscal Year 2018 will continue these programs as well as start a significant street reconstruction project including portions of Fuller Wiser Road and Bear Creek Parkway.

Work on wastewater lines for Oakwood Terrace Addition Phase II is underway. Water well replacement design work has also started for the Fuller and Far North wells. A water meter replacement program is 100% complete and includes a customer portal for customers to track and manage their accounts. The City will seek more low interest financing from the Texas Water Development Board to complete the reclaimed water line project.

Glade Parks Trail Connection is near completion. Library remodel design is currently underway and the actual construction will begin in the fall of 2018.

Over the last several years, the City has worked with a developer on a major, mixed-use center located along the southwest corner of Glade Road and Highway 121. This center will ultimately provide approximately 1.2 million square feet of retail/office and includes a unique residential component. The City expects the sales tax benefit from this center to be significant. In an effort to promote development in this area, the City created a Tax Increment Reinvestment Zone ("TIRZ") for the Glade Parks development and approved the related project and financing plan. This plan authorized the City to undertake certain public improvements associated with the Glade Parks development. The City also executed a development agreement with Ruby 12 Glade Retail, LLC, formally known as Glade 121 L.P., which specified the extent of City provided improvements and provided for the conditions under which these improvements will be constructed or reimbursed. Additionally, the City created the Glade Parks Public Improvement District ("PID") which is funded from assessments within the district. At the 2015 fiscal year-end, the infrastructure improvements were completed. During Fiscal Years 2015 and 2016 numerous businesses opened in this development creating increased property values and retail

sales. An additional phase was added to this development in 2015 that included construction of a parking garage, park, and park amenities. The existing Glade Parks TIRZ also covers this project as well as a PID to support debt service for these additional public improvements. This construction is anticipated to be complete in 2018.

The City approved a planned development known as RiverWalk! which includes approximately 200 acres located at the northwest corner of Airport Freeway and State Highway 360 extending north to Harwood Road. Lennar Homes is developing five (5) subdivisions within the RiverWalk! mixed use project, including The Dominion at Bear Creek, which is a 174 lot single-family subdivision located south of Midway Drive, between Fuller-Wiser Road and Bear Creek Parkway. The Dominion Phase V includes an additional 67 lots. The Villas at Bear Creek is a 60 lot single-family subdivision at the southeast corner of Bear Creek Parkway and Midway Drive and The Estates at Bear Creek is a 112 lot single-family subdivision. Through FY2016-17, Lennar constructed over 330 homes. The NRP Group began construction of an additional 200-unit urban loft project.

The City also approved a 56 acre mixed-use development called Founders Parc, previously known as Midtown, located on the south side of State Highway 183, east of Farm-to-Market Road 157 and north of State Highway 10. This development will include 259 new single family homes, 393 urban lofts, and over 67 thousand square feet of retail space. Both a TIRZ and a PID have been created by the City to support debt for public improvements needed for the area including roadways, water distribution system, sanitary sewer and storm sewer collections systems, hardscaping, and amenities. These public improvements are nearing completion.

Awards and Acknowledgements

The Government Finance Officers Association ("GFOA") awarded a Certificate of Achievement for Excellence in Financial Reporting to the City of Euless for its Comprehensive Annual Financial Report ("CAFR") for the fiscal year ended September 30, 2016. The Certificate of Achievement is a prestigious national award recognizing conformance with the highest standards for preparation of state and local government financial reports. In order to be awarded a Certificate of Achievement, a government unit must publish an easily readable and efficiently organized CAFR, whose contents conform to program standards. Such report must satisfy both Generally Accepted Accounting Principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. The City has been awarded a Certificate of Achievement for the last 30 consecutive years. We believe that the current CAFR meets the Certificate of Achievement program requirements and are submitting it to GFOA for review.

In addition, the City of Euless received the GFOA's Distinguished Budget Presentation Award for its annual budget document. The City of Euless has received the Distinguished Budget Award for the last 26 years. In order to qualify for the award, the City's budget document was judged to be proficient in several categories, including as a policy document, a financial plan, an operations guide, and a communications device.

The preparation of this report on a timely basis could not have been accomplished without the efficient and dedicated services of the entire staff of the Finance Department. Appreciation is expressed to City employees throughout the organization, especially those who were instrumental in the successful completion of this report.

We would like to thank the Mayor and members of the City Council for their support in planning and conducting the financial operations of the City in a responsible, professional, and progressive manner. As always, the City of Euless staff welcomes and appreciates your comments.

FINANCIAL SECTION

THE CITY OF
EULESS

Independent Auditor's Report

To the Honorable Mayor,
City Council and City Manager
City of Euless, Texas

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Euless, Texas (the City) as of and for the year ended September 30, 2017, and the related notes to the financial statements which collectively comprise the City's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

The City's management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America, and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

To the Honorable Mayor,
City Council and City Manager

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Euless, Texas, as of September 30, 2017, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, and the required supplementary information, as listed in the table of contents, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements. The introductory section, combining and individual nonmajor fund financial statements and schedules, and statistical tables are presented for purposes of additional analysis and are not a required part of the financial statements.

The combining and individual nonmajor fund financial statements and schedules are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual nonmajor fund financial statements and schedules are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

To the Honorable Mayor,
City Council and City Manager

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated February 23, 2018, on our consideration of the City's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control over financial reporting and compliance.

CITY OF EULESS, TEXAS

Management's Discussion and Analysis
For the Year Ended September 30, 2017
(Unaudited)

Management of the City of Euless offers the readers of the City's financial statements this narrative overview and analysis of the financial activities and financial position of the City for the fiscal year ended September 30, 2017. In the broadest context, the financial well-being of a government lies in the underlying wealth and willingness of its citizens and property owners to pay adequate taxes combined with the vision of the government's elected and appointed leadership to spend those taxes strategically so that the City's tax base, service levels, City assets, and the City's desirability will be maintained not just for the current year but well into the future.

Financial reporting is limited in its ability to provide the "big picture" but rather focuses on financial position and changes in financial position. In other words, are revenues and/or expenditures higher or lower than the previous year? Has net position (containing both short-term and long-term assets and liabilities) or fund balances (the current "spendable" assets less current liabilities) of the government been maintained? Readers are encouraged to consider the information presented here in conjunction with the additional information furnished in the letter of transmittal (pages i-viii of this report) and the statistical section (pages 123-143 of this report) as well as information in the annual budget and the capital improvement plan along with other community information found on the City's website at www.eulesstx.gov. It should be noted that the Independent Auditor's Report describes the auditors' association with the various sections of this report and that all of the additional information from the website and other City sources are unaudited.

Financial Highlights

- The assets of the City of Euless exceeded its liabilities at the close of the most recent fiscal year by \$217,585,971 (net position). This number must be viewed in the context that the vast majority of the City's net position of \$175,930,373 (81%) is net investment in capital assets and that most capital assets in government do not directly generate revenue nor can they be sold to generate liquid capital. The net position restricted for specific purposes totaled \$14,659,858 (7%). The remaining \$26,995,740 (12%) is unrestricted net position and may be used to meet the government's ongoing obligations to citizens and creditors in accordance with the City's fund designation and fiscal policies.
- Governmental activities realized an increase in total net position of \$7,013,970 and business-type activities realized an increase in total net position of \$4,031,443 bringing the total increase in net position for the City to \$11,045,413.
- At the close of the current fiscal year, the City of Euless' governmental funds reported combined ending fund balances of \$38,425,466 which represents a decrease of \$3,795,943. Within this total, \$2,285,719 is restricted for debt service; \$4,985,922 is restricted by bond covenant for capital projects; \$104,340 and \$242,557 are restricted for court technology and juvenile case management, respectively; and another \$2,091,529 is restricted for capital projects by developer agreements. Amounts restricted for cable PEG fees and historical preservation total \$616,827 and \$1,245, respectively. Nonspendable fund balance of \$74,078

represents fund balance amounts for inventories and prepaid items. Fund balances of \$14,837,828 represent assigned fund balance in the general, special revenue, and capital projects funds. The unassigned fund balance in the General Fund of \$13,185,421 can be used for any lawful purpose. The General Fund unassigned balance represents 35% of fiscal year 2017 total fund expenditures.

- The City's total capital assets (net of accumulated depreciation) increased by \$13,804,222 which is attributed to completion of capital improvement projects and other asset additions exceeding current year depreciation expense and asset retirements.
- The City's debt payable decreased by \$4.82 million or 8% due primarily to scheduled principal payments on existing debt.

OVERVIEW OF THE FINANCIAL STATEMENTS

The discussion and analysis are intended to serve as an introduction to the City of Eules's basic financial statements which are comprised of three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other required supplementary information in addition to the basic financial statements themselves.

Government-wide Financial Statements. The government-wide financial statements are designed to provide readers with a broad overview of the City of Eules's finances, in a manner similar to a private-sector business.

The statement of net position presents information on all of the City of Eules's assets and deferred outflows of resources and liabilities and deferred inflows of resources, with the difference between them reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the City of Eules is improving or deteriorating.

The statement of activities presents information showing how the City's net position changed during the fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash receipts and cash outlays in future fiscal periods (e.g., uncollected taxes and earned but unused compensated absences).

The government-wide financial statements distinguish between functions of the City that are principally supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (business-type activities). The governmental activities of the City include general government and administration, public safety, highways and streets, development, and culture and recreation. The business-type activities of the City include water and wastewater system, drainage system, golf course, and other recreational activities.

The government-wide financial statements include not only the City of Eules (the primary government), but also the Eules Development Corporation, the Crime Control and Prevention District, the Tax Increment Reinvestment Zone #3 – Glade Parks, and Tax Increment Reinvestment Zone #4 – Midtown which are legally separate entities that are financially accountable to the City. A blended presentation has been used to report the financial information of these component units.

The government-wide financial statements can be found on pages 18-19 of this report.

Fund Financial Statements. A fund is a self-balancing set of accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The City of Eules, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the City can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

Governmental Funds. Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements with the exclusion of internal service fund activity. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, the reader may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The City maintains twenty-two individual governmental funds. Information is presented separately in the governmental funds balance sheet and in the governmental funds statement of revenues, expenditures, and changes in fund balances for the General, Debt Service, and Car Rental Tax funds, all of which are considered to be major funds. Data from the other nineteen governmental funds are combined into a single, aggregate presentation. Individual fund data for each of these non-major governmental funds is provided in the form of combining statements elsewhere in this report.

The City adopts an annual appropriated budget for its General and Car Rental Tax major governmental funds. A budgetary comparison schedule has been provided for each fund to demonstrate compliance with the adopted budgets.

The basic governmental fund financial statements can be found on pages 20-23 of this report.

Proprietary funds. The City maintains two different types of proprietary funds. Enterprise funds are used to report the same functions presented as business-type activities in the government-wide financial statements. The City uses enterprise funds to account for its water and wastewater, drainage utility, and golf operations, as well as several other recreational activities. Internal service funds are an accounting device used to accumulate resources and allocate costs internally among the City's various functions. The City uses internal service funds to account for its equipment replacement, risk management, and health insurance services. Because these services predominately benefit governmental rather than business-type functions, a portion of the activities in these funds is included within governmental activities in the government-wide financial statements.

Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail. The proprietary fund financial statements provide separate information for Water and Wastewater, Drainage Utility, and Golf, all of which are considered to be major funds of the City. Data from the other recreational activities are combined into a single, aggregate presentation. Individual data for each of these non-major enterprise funds is provided in the form of combining statements elsewhere in this report. The internal service funds are combined into a single, aggregate presentation in the proprietary fund financial statements. Individual data for the internal service funds is provided in the form of combining statements elsewhere in this report.

The basic proprietary fund financial statements can be found on pages 24-35 of this report.

Fiduciary funds. Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are not reflected in the government-wide financial statements because the resources of those funds are not available to support the City's own programs. The accounting used for fiduciary funds is much like that used for proprietary funds.

The basic fiduciary fund financial statements can be found on pages 36 and 37 of this report.

Notes to the financial statements. The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found on pages 38-80 of this report.

Other information. In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information concerning the City's progress in funding its obligations to provide pension and post-employment healthcare benefits to its employees. Additionally, schedules comparing budgetary figures and actual results of the General and Car Rental Tax funds are also located in this section of the report. Required supplementary information can be found on page 81-90 of this report.

The combining statements referred to earlier in connection with non-major governmental funds, non-major proprietary funds, and internal service funds are presented immediately following the required supplementary information on pensions, OPEB, and budgetary comparisons. Combining and individual fund statements and schedules can be found on pages 91-121 of this report.

Government-Wide Financial Statement Analysis

As noted earlier, net position and especially net position by category may serve over time as a useful indicator of a government's financial position. In the case of the City of Eules, assets exceeded liabilities by \$217,585,971 as of September 30, 2017.

The largest portion of the City's net position (81%) reflects its investment in capital assets (i.e., land, buildings, equipment, improvements, construction in progress, and infrastructure) net of accumulated depreciation, less any debt used to acquire those assets that is still outstanding. The City uses these capital assets to provide services to citizens; consequently these assets are not available for future spending and with the exception of business-type assets, do not generate direct revenue for the City. They do, however, represent an obligation on the part of the City to maintain these assets into the future.

Although the City's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

An additional portion of the City's net position (7%) represents resources that are subject to external restrictions on how they may be used. The remaining balance of unrestricted net position of \$26,995,740 (12%) may be used to meet the City's ongoing obligations to citizens, creditors, and employees.

Net Position

Amounts shown in 000's	Governmental		Business-type		Total	
	activities		activities

Total net position	\$ 136,269	\$ 129,255	\$ 81,317	\$ 77,286	\$ 217,586	\$ 206,541

As of September 30, 2017 the City reports positive balances in all three categories of net position, for the government as a whole, as well as for its separate governmental and business-type activities. The same situation was true for fiscal year 2016.

The City's unrestricted net position increased by \$12,262,618 in fiscal year 2017 as compared to the unrestricted net position for the prior year. Restricted net position realized a decrease of \$9,827,667 and the amount invested in capital assets, net of related debt increased by \$8,610,462. The increase in total net position of \$11 million results primarily from current year operating results flowing to the unrestricted category of net position. The decrease in restricted net position resulted primarily from the payment of capital project expenses from restricted debt funds during FY2017. The increase in the net investment in capital assets portion of net position primarily results from asset additions outpacing current year depreciation expenses, asset disposals, and the reduction of debt used to acquire those capital assets. The details of the results of current year operations are found in the table shown on the following page.

Changes in Net Position

- Governmental activities.** Governmental activities increased the City's net position by \$7,013,970 thereby accounting for most of the growth (64%) in total net position. Most revenue categories, including property taxes, sales taxes, occupancy taxes, investment income, charges for services, and operating grants and contributions, exceeded prior year receipts. Sound fiscal management and close monitoring of revenues and expenses allowed the City to realize an increase in governmental activities net position before transfers of \$7,247,539.

Total revenue for the governmental activities (excluding transfers) increased from the previous year by \$2,044,878. General revenue, which is primarily comprised of property taxes, sales taxes, and car rental taxes, realized a net increase of \$2,878,874. Property tax revenue increased due to an overall increase in taxable values of 12.7% over the prior year values. Sales tax collections increased as a result of new business openings and continued improvement in the local economy. Occupancy taxes realized an increase from the completion of a full year of operations of the new hotel at the airport. Total governmental program revenues, which consist primarily of charges for services, grants, and contributions, net to a decrease of \$833,996. Development charges account for approximately \$302,000 of the increase in charges for services which results from strong local development activity in both the commercial and residential markets. The Midtown PID assessment for the current year accounts for the increase in highways and streets program revenues. Public safety program revenues decreased approximately \$232,000 primarily as a result of decreases in jail revenues and municipal court fines and arrest fees combined with an increase in revenues resulting from the recognition of unearned revenue. General and administrative charges for services decreased by just over \$129,000 due in large part to the decline in other municipal court collections. The decrease of over \$1 million in capital grants and contributions primarily results from the decline in developer contributions of capital assets of more than \$1.7 million combined with the increases in CDBG revenues of \$185,000 and \$614,000 in Glade Parks Trail Connector grant revenues.

Total expenses of governmental activities increased by \$2,247,227 from FY2016 to FY2017. The raise package for employees included an increase of 3.25% which accounts for a large portion of the expense increase across all functions. The addition of three new firefighters, a public works field tech, and an athletic coordinator also added to salary and benefit costs. Pension-related entries increased expenses primarily due to the amortization of deferred outflows. The allocation of internal service fund activity increased expenses over the prior year by \$115,000. Furthermore, fluctuations in depreciation expense as a result of the acquisition and disposal of capital assets affect the various expense categories. General and administrative and streets and highways realized expense increases of \$205,000 and \$459,000, respectively, due to depreciation charges. Other than salary and related benefit expenses, public safety expenses grew as a result of increased costs for equipment replacement and body camera grant matching requirements. The net position of general governmental operations accounts for 63% of total net position.

- **Business-type activities.** Business-type activities increased the City's net position by \$4,031,443. The change in net position before transfers is \$3,797,874. Charges for services program revenues for the business-type activities increased from the previous year by \$593,774 due primarily to increased water and wastewater revenues and recreation enterprise revenues. Capital grants and contributions decreased by \$662,419 primarily due to a reduction in developer contributions of infrastructure.

Some expense categories realized decreases for the year, but overall business-type expenses increased 3.4%, a portion of which is attributable to the employee raise package and related benefits. An increase in the suppliers' volume rates resulted in increases in water purchase costs (in relation to purchased volume), reclaimed water expenses, and wastewater treatment charges. Franchise fees and administrative costs also increased. Net position for business-type activities represents 37% of total net position.

Financial Analysis of the City's Funds

As noted earlier, the City uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental funds. The focus of the City's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the City's financing requirements. In particular, unassigned fund balance may serve as a useful measure of a City's net resources available for spending at the end of the fiscal year.

At the end of the current fiscal year, the City of Euless' governmental funds reported combined ending fund balances of \$38,425,466, which represents a decrease of \$3,795,943 in comparison with prior year. Approximately 34% or \$13 million constitutes unassigned fund balance in the general fund that is available for spending at the City's discretion. Another \$74,078 in non-spendable fund balance represents amounts invested in inventories and prepayments. Another portion is restricted to indicate that it is not available for new spending because it has already been committed 1) to pay debt service (\$2,285,719); 2) to pay for specific capital improvements per developer agreements (\$2,091,529); 3) restricted by bond covenant for specific capital projects (\$4,985,922); and 4) for a variety of other restricted purposes (\$964,969). Assigned fund balance includes funds that management intends to use for a specific purpose as well as any residual balances of governmental funds other than the general fund. Assigned fund balance totals \$14,837,828 and includes assigned fund balance in the general fund of \$107,657 and \$14,730,171 which represents residual balances in other governmental funds. See discussion under Fund Balance Classifications in Note 1 of the Notes to Basic Financial Statements for additional details on fund balance.

In the General Fund, the City originally budgeted for a decrease in fund balance (planned reduction) of \$2,091,809 which was later revised to a drawdown of \$2,366,809. Due to a positive budget variance in overall revenues and expenditures, the General Fund ended the year with an increase to fund balance of \$1,205,998. This figure represents a positive revised budget variance of \$3,572,807 resulting primarily from increased revenues of approximately \$465,000 and expenditure savings of \$2.85 million, before transfers.

Several General Fund revenue categories realized increases over the prior year and surpassed budget estimates as well. Sales tax receipts, licenses and permits, and investment income exceeded both budget and prior year. Sales taxes and licenses and permits grew as a result of new development and continued improvement in the local economy. An increase in property values resulted in property tax collections surpassing prior year revenues. However, current year collections fell short of budget expectations. Gross receipt taxes also fell short of budget estimates, but did surpass prior year levels primarily as a result of increases in gas and water and wastewater collections. Municipal court fines fell short of budgetary parameters and failed to attain prior year levels.

Personnel and related benefit budgetary savings of approximately \$1.5 million result primarily from vacant positions, changes in employee healthcare elections, and rolling one-time personnel-related funds into next fiscal year. Contract labor appropriations of a little over \$140,000 remained unspent at the end of the year. Part-time salary expenses realized a favorable budget variance of \$266,000, while overtime exceeded budget expectations by \$36,000. In addition to overall salary and benefit savings, general and administrative expenditures realized savings in

capital, supplies, training, and contingencies. Increased rebate incentive payments from the improvement in sales tax revenues resulted in additional expenditures of approximately \$82,000 combined, while the revenue sharing agreement with the cities of Dallas and Fort Worth realized budgetary savings of approximately \$187,000. Transportation costs realized savings of just under \$50,000 for the year and utility costs compared favorably to budget parameters by more than \$133,000. Budgetary overages in facilities repair and maintenance costs totaled approximately \$15,000 due primarily to overruns in cooling system maintenance, plumbing, signs and markings, and janitorial supplies. Budgetary savings in roof repair, painting, and contingencies offset the majority of these overages.

Aside from salaries and benefits, public safety expenditure savings were also noted in supplies of \$47,000; training and certifications of \$10,000; and maintenance of \$49,000. Jail food expenditures realized a positive budget variance of more than \$10,000 due to a reduction in federal detainees. Savings in mowing services, travel and training, and supplies are primarily responsible for the positive budget variance in culture and recreation. Salaries and related benefits account for the majority of the budgetary savings in streets and highways as well as development services. One-time expenditures were under budget as a result of cost savings and timing of purchases (for which the funds will roll into the next fiscal year).

The Debt Service fund balance decreased \$907,526 which is \$306,571 better than the revised budgeted drawdown of \$1,214,097. The positive variance results primarily from investment income surpassing budgetary projections. The Car Rental Tax fund balance was originally anticipated to decrease \$378,428, but rather ended the year with an increase of \$209,804 resulting from an increase in net car rental taxes and savings in capital outlay.

The non-major governmental funds realized a combined decrease in fund balance of \$4,304,219; special revenues contributed \$435,105 to this decrease, while the capital projects funds contributed \$3,869,114. Planned drawdowns of fund balance in the Half-Penny Sales Tax (“EDC”) and Crime Control and Prevention District (“CCPD”) funds resulted in the reduction of special revenue fund balances by \$729,579 and \$45,972, respectively. Increased hotel/motel occupancy taxes resulting from a full year of operations of the new hotel at the airport combined with operating results of the Glade Parks TIRZ #3 and Cable PEG funds partially offset those decreases in fund balances. The net decrease from CIP funds results primarily from spending \$6.5 million in previously-issued debt proceeds recorded in the TIRZ #4 Midtown CIP fund. Conversely, the EDC and Car Rental CIP funds realized increases in fund balances of \$2.4 million as a result of current year project funding. The remaining CIP funds added approximately \$257,000 to fund balances. The combined net effect of these changes in governmental fund balances results in a decrease of \$3.8 million.

Enterprise funds. The City’s enterprise fund statements provide the same type of information found in the government-wide financial statements for business-type activities, but in more detail. Most of the City’s enterprise funds are heavily dependent upon local weather conditions. During the spring months, rainfall was under a “normal” year by more than six inches. However, during the summer months, rainfall exceeded the norm by nearly nine inches. The effects of this substantial increase in rainfall during peak operating season resulted in revenue shortfalls in many of the City’s enterprise funds.

Unrestricted net position of the enterprise funds at the close of the fiscal year was: Water and Wastewater fund \$8,802,848; Drainage Utility fund \$1,367,687; Golf Course fund \$914,990; and

all other non-major recreation enterprise funds combined \$967,776. The Water and Wastewater fund realized an increase in operating income resulting primarily from increased water and wastewater rates. Water consumption and wastewater treatment volume were 6% and 4% lower than anticipated, respectively. Despite the shortfall in consumption, water purchases were on target with budget parameters. However, budgetary savings of approximately \$550,000 were realized in wastewater treatment costs. Generally, conservation efforts, tiered water rates, and watering restrictions result in declines in water consumption. However, in the current year, the local weather patterns in the last quarter of the fiscal year are likely responsible for the negative variance in water consumption. Impact fee revenues and developer dedication of assets of \$2.1 million contributed to the overall net income in the Water and Wastewater fund.

The decrease in net position of the Drainage Utility fund results primarily from depreciation on drainage infrastructure and capital assets. Net position for the Golf Course fund increased \$57,601 due in large part to transfers from other funds offsetting negative operating income and interest and fiscal charges. All other non-major recreation enterprise funds combined realized an increase of \$907,426 in net position. The increase is attributable to transfers to the Texas Star Sports Complex fund for Phase VI improvements that included additional parking and the transition to synthetic turf infields. The combined net effect of these changes in enterprise fund net position totals an increase of \$4,000,915.

Capital Asset and Debt Administration

Capital assets. The City's investment in capital assets for its governmental and business-type activities as of September 30, 2017, totaled \$225,961,829 (net of accumulated depreciation). The investment in capital assets includes land, buildings, improvements, machinery and equipment, infrastructure, and construction in progress. The net increase in the City's investment in capital assets for the current fiscal year was \$13,804,222 or about 6.5%.

Major capital asset activity that occurred during the current fiscal year included the following:

- Capital asset contributions were comprised of \$295,000 in Community Development Block Grant (CDBG) expenditures for ADA/TAS infrastructure improvements and developer asset dedications totaling nearly \$2.7 million in street infrastructure, land, water and wastewater facilities, and drainage structures.
- Street improvement projects located throughout the City in the amount of approximately \$1 million were finalized during the year. The remodel of the Development/Engineering building was also completed in FY2017.
- Capital asset additions for governmental activities include, but are not limited to, an aerial ladder firetruck, platform firetruck, upgrade of emergency operations center audio/visual system, body-worn camera system and software, mini skid, brush chipper, phone system and other scheduled annual vehicle and equipment replacements.
- Construction-in-progress related to general government activity of \$15,721,866 primarily consists of Midtown infrastructure (\$14.1 million), the Harwood/Bear Creek signal project (\$242,000), and the Glade Parks Trail (\$1.1 million).
- Phase II of the reclaimed water line was completed at a total cost of \$1.8 million and the fixed base meter reading and water meter replacement project was also completed during the

year at a cost of \$5.4 million. Both of these projects were funded primarily with low interest loans and loan forgiveness from the Texas Water Development Board.

- Other notable project completions include the wastewater line replacements along Glenn Drive, Cedar Hill/Hollywood, and Oakwood Terrace Phase I as well as the water line replacement along Ector Drive. Both Phase V and Phase VI of the TSSC improvements were finalized during the year at a cost of \$2.5 million and \$1.25 million, respectively. Remodel of the maintenance building at the golf course was also finished during fiscal year 2017.
- Capital asset additions for the business-type activities include, but are not limited to, a truck lift, icemakers for the maintenance building, and a new scoreboard for TSSC. Well motor and related equipment were purchased for the Fuller well site.
- Construction-in-progress related to business-type operations of \$71,854 consists of Phase III of the Reclaimed Water System Extension.

Additional information on the City's capital assets can be found in Note 3 on pages 55-57 of this report.

Long-term debt. At the end of the current fiscal year, the City had total debt outstanding of \$56,578,961 net of unamortized losses on prior refundings. Of this amount, \$47,112,524 comprises debt backed by the full faith and credit of the government, where \$9,439,508 is the amount of self-supported debt for Texas Star Golf Course and Stars Center. The remainder of the City's debt, \$9,466,437, represents bonds secured solely by specific revenue sources (i.e. revenue bonds).

Outstanding Bonded Debt

Revenue deferred loss	(19)	(28)	(130)	(149)	(149)	(177)
Totals	<u>\$ 42,393</u>	<u>\$ 45,876</u>	<u>\$ 14,186</u>	<u>\$ 15,341</u>	<u>\$ 56,579</u>	<u>\$ 61,217</u>

In fiscal year 2017, the City did not issue any new bonded debt, but entered into a capital lease. The City's total debt decreased \$4,819,455 or 8% during fiscal year 2017 which is attributed to the addition of the capital lease less scheduled annual principal payments.

Standard & Poor's Ratings Services, a division of the McGraw-Hill Companies, Inc. rates the City's general obligation debt and revenue debt at AA and the water and wastewater revenue debt at AA+. Moody's Investor Service, Inc. rates the general obligation debt and the water and wastewater revenue debt at Aa2 and the sales tax revenue debt at A1. Additional information on the City's long-term debt can be found in Note 4 on pages 57-63.

Economic Factors and Next Year's Budgets and Rates

In the FY2017-18 budget, General Fund revenues and transfers are budgeted to increase by 4% from the 2016-17 original budget. Property taxes account for 33% of budgeted revenues and sales taxes comprise approximately 33% of budgeted revenues. Certified assessed valuations as of July 25, 2017 increased 12.6% from the preceding year.

As of September 30, 2017, the City's unemployment rate is 3.2% compared to the State of Texas, which is 4%. In the FY2017-18 budget, sales tax receipts are projected to increase 1% over prior year estimated revenues plus an additional estimate for new development. The car rental tax receipts are anticipated to remain flat with end-of-year projections.

Baseline budgeted expenditures in the General Fund are projected to increase approximately 4% from the FY2016-17 original budget. This increase is primarily attributed to the employee raise package and related costs, and the addition of three new positions. Increased transfers for equipment replacement are also included in the baseline budget. The City elected to use excess reserves in various funds to cash flow capital programs including city computer and technology upgrades, career preparation program in conjunction with the local school district, equipment for the Euless Family Life Center, AV system replacement at the conference center, a street condition assessment, and various facility maintenance items. In addition, the FY2017-18 budget includes funding for continued technological advancements in the City's municipal court operations. Continued funding is also provided for the City's contribution to the Tarrant County Home Program, community revitalization, and street improvements. The property tax rate remained at .4625¢ per \$100 of assessed valuation for FY2017-18.

For the Water and Wastewater Fund, the FY2017-18 budget includes the continuation of the tiered rate structure for residential and irrigation water volume billing. Under the tiered structure, customers pay a graduated volume rate based on varying levels of monthly water consumption. Residential volume rates range from \$3.58 to \$6.21 per thousand gallons. Monthly water base rates are increasing by 9.3% for both residential and commercial customers. A wastewater volume charge of \$3.98 per thousand gallons applies to all customer classes and monthly base rates are increasing by \$1. Residential wastewater volume charges are capped at a maximum of 12,000 gallons per month. The City increased the annual funding for pay-as-you-go capital expenses in the Water and Wastewater Fund to \$1,075,000. Funding for Fuller/Far North well design, SH183 Phase II water and wastewater line relocations, and miscellaneous valve replacements is included in next year's budget. CDBG funding for Phase II of the Oakwood Terrace wastewater line replacement is also included. One-time capital in the amount of \$225,000 is approved for miscellaneous wastewater rehab, miscellaneous water rehab, and well repair projects.

The Texas Star Golf Course and Conference Centre is a vibrant part of the Euless community. This secluded facility, located in the midst of the Dallas/Fort Worth Metroplex, is well-known for world class golf and a challenging course that has been recognized as a premier municipal facility by leading golf publications, including *Golf Digest* and *Golfweek*. Additionally, Raven's Grille ranked in the top five for best service and best place to dine before or after your golf experience by *Avid Golfer*. The Conference Centre has 7,000 square feet of divisible space and hosts business conferences, weddings, concerts, and other events. Proposed revenues of \$4,540,896 and proposed operating expenses of \$4,518,975 comprise the FY2017-18 operating budget.

Request for Information

The financial report is designed to provide citizens, customers, investors, and creditors with a general overview of the City's finances. If you have questions about this report or need additional information, contact the Finance Department, Attn: Janina Jewell, Director of Finance, at 201 North Ector Drive, Euless, Texas 76039, call (817) 685-1626, or e-mail jjewell@eulesstx.gov.

**CITY OF EULESS, TEXAS
RECONCILIATION OF THE GOVERNMENTAL FUNDS
BALANCE SHEET TO THE STATEMENT OF NET POSITION
SEPTEMBER 30, 2017**

Total fund balances - governmental funds \$ 38,425,466

Amounts reported for governmental activities in the statement of net position are different because:

Capital assets of governmental funds are not current financial resources and therefore are not reported in the governmental funds balance sheet. 144,719,196

Interest payable on long-term debt does not require current financial resources, therefore interest payable is not reported as a liability in the governmental funds balance sheet. (185,736)

Internal service funds are used by management to charge the cost of certain activities, such as insurance and fleet management, to individual funds. The assets and liabilities of the internal service funds are net of the amount allocated to business-type activities. 10,915,007

Revenues earned but not available within sixty days of the year end are not recognized as revenue on the fund financial statements. 1,042,936

Funds comprising the net other post employment benefit asset are not current financial resources and therefore are not reported in the governmental funds balance sheet. 1,130,559

Funds comprising the net pension liability (\$22,304,176), deferred inflows (\$1,155,123) and deferred outflows \$9,134,887 of resources related to the pension are not current financial resources and therefore are not reported in the governmental funds balance sheet. (14,324,412)

Long-term liabilities, including bonds payable, deferred charges on refundings, and compensated absences (excluding those of internal service funds) are not due and payable in the current period and therefore are not reported in the fund financial statements. (45,453,927)

Net position of governmental activities \$ 136,269,089

CITY OF EULESS, TEXAS
RECONCILIATION OF THE STATEMENT OF REVENUES,
EXPENDITURES AND CHANGES IN FUND BALANCES OF
GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES
YEAR ENDED SEPTEMBER 30, 2017

Net change in fund balances - total governmental funds	\$ (3,795,943)
Amounts reported for governmental activities in the statement of activities are different because:	
Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets is allocated over the estimated useful lives and reported as depreciation expense. This is the amount of capital expenditures recorded in the current period.	10,600,631
Governmental funds report cash proceeds from the disposal of capital assets as revenues, while only the net gain/loss on the transaction is reported in the statement of activities and capital contributions are not reported in governmental funds. This is the amount of capital contributions and disposals recorded in the current period.	1,222,729
Depreciation expense on capital assets is reported in the statement of activities but does not require the use of current financial resources. Therefore, depreciation expenses are not reported as expenditures in the governmental funds.	(5,386,738)
The issuance of long-term debt provides current financial resources to governmental funds, but has no effect on net position.	(249,370)
The repayment of the principal of long-term debt consumes current financial resources of governmental funds, but has no effect on net position.	3,848,825
Governmental funds report the effect of premiums, discounts, and deferred charges on refunding when debt is first issued, whereas the amounts are deferred and amortized in the statement of activities.	22,498
Current year changes in the long-term liabilities for compensated absences and other post employment assets (obligations) do not require the use of current financial resources; therefore, they are not reported as expenditures in governmental funds.	489,038
Current year changes in accrued interest payables do not require the use of current financial resources; therefore, they are not reported as expenditures in governmental funds.	14,023
Changes in the net pension liability, and related deferred inflows and outflows not recognized on the fund financial statements under the modified accrual basis are recognized on the accrual basis in the government-wide financial statements.	(1,750,440)
Internal service funds are used by management to charge the costs of certain activities, such as insurance and fleet management, to individual funds. The net revenue of the internal service funds is reported with governmental activities net of the amount allocated to business-type activities.	1,938,331
Certain revenues in the government-wide statement of activities that do not provide current financial resources are not reported as revenue in the governmental funds.	60,386
Change in net position of governmental activities	<u>\$ 7,013,970</u>

The Notes to the Basic Financial Statements
are an integral part of these statements.

CITY OF EULESS, TEXAS
NOTES TO BASIC FINANCIAL STATEMENTS

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

General Statement

The City of Euless (the City) was incorporated on February 24, 1953. The City operates under a Council-Manager form of government and provides the following services as authorized by its charter: general government, police and fire protection, emergency ambulance service, road and traffic signal maintenance, water and wastewater operations, drainage system, parks and recreational facilities, courts, library services, planning land use, building inspection, and traffic control.

The accounting and reporting policies of the City relating to the funds included in the accompanying basic financial statements conform to accounting principles generally accepted in the United States of America (GAAP) applicable to state and local governments. GAAP for local governments include those principles prescribed by the Governmental Accounting Standards Board (GASB) and the American Institute of Certified Public Accountants in the publication entitled *Audits of State and Local Governmental Units*.

The more significant accounting policies of the City are described as follows:

Financial Reporting Entity

As required by GAAP, these basic financial statements present the primary government and its component units, entities for which the government is considered to be financially accountable. The blended component units, although legally separate entities, are, in substance, part of the primary government's operations. As such, data from these units is combined with data of the primary government.

Blended Component Units

The City includes four component units in the financial statements. The Euless Development Corporation (Corporation) is used to account for the accumulation of half-cent sales tax proceeds dedicated to building and improving City parks and facilities, enhancing library services, and stimulating economic development activities within the City. The Euless Crime Control and Prevention District (District) is used to account for the accumulation and use of quarter-cent sales tax proceeds dedicated for crime reduction programs. The Corporation and the District are reported as special revenue funds of the primary government. The Boards of Directors of both component units are substantively the same as the City Council. There are seven directors on each board, four of whom are council members which constitutes a voting majority of the City Council. The remaining three board members are residents of the City.

CITY OF EULESS, TEXAS
NOTES TO BASIC FINANCIAL STATEMENTS

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – CONTINUED

Financial Reporting Entity – Continued

Blended Component Units – Continued

Upon dissolution of the Corporation or the District, the entity's assets will be distributed to the City. Each component unit provides all of its services to the City. The financial statements for the units were obtained from the respective Boards of Directors. Financial information for both entities may be obtained from the City.

The Tax Increment Reinvestment Zone #3 - Glade Parks (TIRZ #3) is also a blended component unit of the City and is reflected in the financial statements as a special revenue fund. TIRZ #3 was created to stimulate development and enhance the value of taxable real property within the boundaries of the zone. Tarrant County and Tarrant County College District are taxing entities participating in TIRZ #3. The Board of Directors of TIRZ #3 is substantially the same as the City Council, and management of the City has operational responsibility for TIRZ #3. The Board is comprised of seven directors, four of whom are council members which constitutes a voting majority of the Board. The remaining three board members are representatives selected by the other participating taxing entities and the Tarrant County Hospital District. Financial information for TIRZ #3 may be obtained from the City.

The Tax Increment Reinvestment Zone #4 – Midtown (TIRZ #4) is also a blended component unit of the City and will be reflected in the financial statements as a special revenue fund. The Midtown CIP Fund is also part of TIRZ#4. TIRZ #4 was created to stimulate development and enhance the value of taxable real property within the boundaries of the zone. Tarrant County, Tarrant County Hospital District, and Tarrant County College District are taxing entities participating in TIRZ #4. The Board of Directors of TIRZ #4 is substantially the same as the City Council, and management of the City has operational responsibility for TIRZ #4. The Board is comprised of seven directors, four of whom are council members which constitutes a voting majority of the Board. The remaining three board members are representatives selected by the other participating taxing entities. Financial information for TIRZ #4 may be obtained from the City.

Basis of Presentation

The government-wide financial statements (the statement of net position and the statement of activities) report information on all of the activities of the City, except fiduciary funds. The effect of interfund activity, with the exception of interfund services provided or used, within the governmental and business-type activities columns, has been removed from these statements. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on user fees and charges for support.

CITY OF EULESS, TEXAS
NOTES TO BASIC FINANCIAL STATEMENTS

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – CONTINUED

Basis of Presentation – Continued

The statement of activities demonstrates the degree to which the direct expenses of a given program are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific program. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given program and 2) operating or capital grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Fund Financial Statements

The City segregates transactions related to certain functions or activities in separate funds in order to aid financial management and to demonstrate compliance with various legal provisions. Separate statements are presented for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements. These statements present each major fund as a separate column on the fund financial statements; all non-major funds are aggregated and presented in a single column.

Governmental funds are those funds through which most governmental functions are typically financed. The measurement focus of governmental funds is on the sources, uses, and balances of current financial resources. The City has presented the following major governmental funds:

General Fund

The General Fund is the main operating fund of the City. This fund is used to account for all financial resources not accounted for in other funds. All general tax revenues and other receipts that are not restricted by law or contractual agreement to some other fund are accounted for in this fund. General operating expenditures, fixed charges, and capital improvement costs that are not paid through other funds are paid from the General Fund.

Debt Service Fund

The Debt Service Fund is used to account for the accumulation of financial resources for the payment of principal, interest, and related costs on general long-term debt paid primarily from property taxes levied by the City. The fund balance of the Debt Service Fund is restricted for debt service expenditures and for unspent debt proceeds.

CITY OF EULESS, TEXAS
NOTES TO BASIC FINANCIAL STATEMENTS

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – CONTINUED

Basis of Presentation – Continued

Car Rental Tax Fund

The Car Rental Tax Fund is used to account for revenues received from the collection of short-term motor vehicle rental taxes and the expenditures thereof. Per contractual agreement, revenues are shared with the cities of Dallas and Fort Worth. The City's portion of the revenues is used primarily for debt reduction, one-time capital projects, and to maintain the property tax rate.

Proprietary funds are accounted for using the economic resources measurement focus and the accrual basis of accounting. The accounting objectives are determinations of net income, financial position, and cash flow. All assets and liabilities are included on the statement of net position. The City has presented the following major proprietary funds:

Water and Wastewater Fund

Water and Wastewater Fund is used to account for the acquisition, operation and maintenance of a municipal water and wastewater utility, supported primarily by user charges.

Drainage Utility Fund

Drainage Utility Fund is used to account for the acquisition, operation, and maintenance of a municipal drainage utility, supported primarily by user charges.

Golf Course Fund

Golf Course Fund is used to account for operation and maintenance of the City's golf course, supported primarily by user charges.

Additionally, the City reports the Internal Service Funds which are used to account for equipment replacement, risk management, and self-funded health insurance coverage and disability insurance provided to employees of the City.

CITY OF EULESS, TEXAS
NOTES TO BASIC FINANCIAL STATEMENTS

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – CONTINUED

Basis of Presentation – Continued

The City also reports two fiduciary funds in the financial statements. The Stars Center Escrow Fund accounts for investments that will be held on behalf of the Dallas Stars until the debt issued for the specific purpose of purchasing the Star Center is fully repaid. The OPEB Trust Fund accounts for the accumulation and use of resources for benefit payments related to post-employment health care.

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. Operating expenses for the proprietary funds include the cost of personnel and contractual services, supplies, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

Measurement Focus and Basis of Accounting

Measurement focus refers to what is being measured; basis of accounting refers to when revenues and expenditures are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurement made, regardless of the measurement focus applied.

The government-wide and proprietary fund financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. The economic resources measurement focus means all assets, deferred inflows/outflows of resources, and liabilities (whether current or noncurrent) are included on the statement of net position and the operating statements present increases and decreases in total net position. Under the accrual basis of accounting, revenues are recognized when earned, including unbilled water, wastewater, and drainage services which are accrued. Expenses are recognized at the time the liability is incurred.

Governmental fund financial statements are reported using the current financial resources measurement focus and are accounted for using the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recognized when susceptible to accrual; i.e., become both measurable and available. "Measurable" means the amount of the transaction can be determined and "available" means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. The City considers property taxes and other revenues as available if they are collected within 60 days of year end. Expenditures are recorded when the related fund liability is incurred. However, debt service expenditures, as well as expenditures related to compensated absences and other long-term liabilities are recorded only when payment is due.

CITY OF EULESS, TEXAS
NOTES TO BASIC FINANCIAL STATEMENTS

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – CONTINUED

Measurement Focus and Basis of Accounting – Continued

The significant revenues susceptible to accrual are property taxes, franchise fees, licenses, charges for service, interest income, and intergovernmental revenues. Sales taxes and short-term motor vehicle rental taxes collected and held by the state at year end on behalf of the City are also recognized as revenue. All other governmental fund revenues are recognized when received.

Deposits and Investments

Substantially all operating cash, deposits, and short-term investments are maintained in consolidated cash accounts or individual fund investment accounts. Related interest income is allocated to the various funds based primarily on ownership by each fund of specific investments. Cash equivalents consist of highly-liquid investments with original maturities of three months or less.

For purposes of the statement of cash flows, the City considers all highly liquid investments to be cash equivalents.

Investments in U.S. Treasury and agency obligations with maturities of one year or less when purchased are reported at amortized cost. All other investments are reported at fair value.

State statutes authorize the City to invest in obligations of the U.S. Government or its agencies; obligations of the State of Texas or its agencies; and certain other obligations, repurchase agreements, money market mutual funds, and certificates of deposits within established criterion.

Property Taxes

Property taxes are levied for appropriation for the fiscal year beginning on October 1, are due October 1, attach as an enforceable lien on property as of January 1, and become delinquent on February 1. Property taxes are accrued based on the period for which they are levied and available. Delinquent taxes estimated not to be available are treated as deferred inflows of resources. Property taxes for cities, including those applicable to debt service, are limited by the Texas Constitution to \$2.50 per \$100 of assessed valuation. The City's current tax rate is \$.4625 per \$100 of assessed valuation (\$.4675 per \$100 last year) and assessed valuation is approximately 100% of estimated value.

CITY OF EULESS, TEXAS
NOTES TO BASIC FINANCIAL STATEMENTS

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – CONTINUED

Inventories

Inventories, which are recognized as expenditures/expenses as consumed, are stated at cost (first-in, first-out method) for the General Fund and Enterprise Funds. Inventories consist primarily of expendable supplies for the General Fund and merchandise for resale for the Enterprise Funds.

Prepaid Items

Prepaid balances are for payments made by the City in the current year to provide services occurring in the subsequent fiscal year, and are recognized as expenditures utilizing the consumption method.

Interfund Receivables and Payables

Any residual balances outstanding between the governmental activities and business-type activities are reported in the government-wide financial statements as “internal balances.”

Transactions Between Funds

Interfund services provided and used are accounted for as revenues and expenditures or expenses. Transactions that constitute reimbursements to a fund for expenditures or expenses initially made from it that are properly applicable to another fund, are recorded as expenditures or expenses in the reimbursing fund and as a reduction of expenditures or expenses in the fund reimbursed. All other interfund transactions are recorded as transfers.

Capital Assets

Capital assets, which include property, plant, equipment, and infrastructure assets, are reported in the applicable governmental or business-type activities columns in the government-wide financial statements and in the fund financial statements for proprietary funds. All capital assets are recorded at historical cost or estimated historical cost if actual historical cost is not available. Donated assets are recorded at acquisition value on the date donated. Repairs and maintenance are recorded as expenses. Renewals and betterments are capitalized. Interest has not been capitalized during the construction period on property, plant, and equipment.

CITY OF EULESS, TEXAS
NOTES TO BASIC FINANCIAL STATEMENTS

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – CONTINUED

Capital Assets - Continued

Assets capitalized have an original cost of \$5,000 or more and over one year of useful life. Depreciation has been calculated on each class of depreciable property using the straight-line method. Estimated useful lives are as follows:

Buildings	33 1/3 years
Water and wastewater system	33 1/3 years
Storm drainage system	33 1/3 years
Infrastructure	7 - 40 years
Machinery and equipment	5 - 15 years
Improvements	25 years

Compensated Absences

Employees may accumulate a maximum of two times their annual vacation accrual. The City's policy is to pay the employee accumulated vacation upon termination. The City does not pay employees for accumulated sick leave upon termination. The short-term portion of vacation pay accrued in the proprietary fund financial statements is reported as accrued salaries and wages (a current liability). The long-term component is reflected in non-current liabilities as compensated absences. Compensated absences are recorded in governmental funds as they mature (i.e. as taken). The liability for governmental fund compensated absences is typically liquidated in the general fund, the juvenile case fund, the half-penny sales tax fund, and the crime control and prevention district fund.

CITY OF EULESS, TEXAS
NOTES TO BASIC FINANCIAL STATEMENTS

Cable PEG fees	-	-	-	616,827	616,827
Historical preservation	-	-	-	1,245	1,245
Assigned					
Capital projects	-	-	-	6,303,050	6,303,050
Betterments	35,695	-	-	-	35,695
Emergency/radio systems	41,232	-	-	-	41,232
Tourism and conference facilities	-	-	-	602,779	602,779
Parks, library, and economic development	-	-	-	2,375,986	2,375,986
Police department	-	-	-	2,080,688	2,080,688
Grants	-	-	-	24,188	24,188
Other	30,730	-	2,987,692	355,788	3,374,210
Unassigned	13,185,421	-	-	-	13,185,421
Total	\$ 13,449,468	\$ 1,398,495	\$ 2,987,692	\$ 20,589,811	\$ 38,425,466

Nonspendable: This classification includes amounts that cannot be spent because they are either (a) not in spendable form or (b) are legally or contractually required to be maintained intact. The City has classified prepaid items and inventory as being nonspendable.

Restricted: This classification includes amounts for which constraints have been placed on the use of the resources either (a) externally imposed by creditors (such as through a debt covenant), grantors, contributors, or laws or regulations of other governments, or (b) imposed by law through constitutional provisions or enabling legislation.

CITY OF EULESS, TEXAS
NOTES TO BASIC FINANCIAL STATEMENTS

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – CONTINUED

Fund Balance Classifications – Continued

The City has recorded the following restrictions at year-end:

- a. Restricted for debt service represents that portion of fund equity legally restricted for retirement of bond principal and payment of interest and related charges.
- b. Restricted for capital projects represents that portion of fund equity legally restricted by debt covenant for capital projects.
- c. Restricted for developer agreements represents the portion of fund equity that must be used for future improvements to various development areas within the City.
- d. Restricted for court technology represents funds collected from a court technology fee that must be used to upgrade court systems.
- e. Restricted for juvenile case processing represents funds collected from a fee on municipal court citations that must be used to support the expenditures associated with juvenile case processing.
- f. Restricted for cable PEG fees represents the portion of fund equity that must be used for the expansion of the City's public, educational, and government access channel.
- g. Restricted for historical preservation represents donations that must be used toward the preservation of the City's historical sites.

Committed: This classification includes amounts that can be used only for specific purposes pursuant to constraints imposed by formal action (ordinance) of the City Council. These amounts cannot be used for any other purpose unless the City Council removes or changes the specified use by taking the same type of action that was employed when the funds were initially committed. This classification also includes contractual obligations to the extent that existing resources have been specifically committed for use in satisfying those contractual requirements. The City has no committed fund balance at year-end.

Assigned: This classification includes amounts that are constrained by the City's intent to be used for a specific purpose but are neither restricted nor committed. The City Council delegates the authority for determining this intent to the City Manager. Assignments are made at the City Manager's discretion, but generally represent items for which specific funds have been informally dedicated internally. This classification also includes the remaining positive fund balance for all governmental funds except for the General Fund. The City has recorded the following assignments at year-end:

- a. Assigned for capital projects represents revenue sources that are to be used for capital projects for the City.

CITY OF EULESS, TEXAS
NOTES TO BASIC FINANCIAL STATEMENTS

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – CONTINUED

Fund Balance Classifications – Continued

- b. Assigned for betterment represents funds donated by citizens that are to be used for the betterment of the community.
- c. Assigned for emergency/radio systems represents funding that is to be used to upgrade emergency and radio systems.
- d. Assigned for tourism and conference facilities represents funds to promote the City through tourism, conference booking, and historical preservation.
- e. Assigned for parks, libraries, and economic development represents funds from sales taxes that are to be used for park improvements, library activities, and economic development throughout the City.
- f. Assigned for the police department are funds from the Crime Control and Prevention District and the sale of assets seized in connection with drug arrests to be used for police department expenditures.
- g. Assigned for grants are funds from grant revenues that are to be spent in accordance with grant provisions.
- h. Assigned for other are funds from specific revenues that are to be spent for facility remodel, victim assistance, and injured animals.

Unassigned: This classification includes all amounts that are not included in other spendable classifications. The General Fund is the only fund that reports a positive unassigned fund balance.

When available, the City uses restricted fund balances first, followed by committed resources, assigned resources, then unassigned resources, as appropriate opportunities arise. However, the City reserves the right to selectively spend unassigned resources first to defer the use of these other classified funds.

Net Position

Net position represents the difference between assets and deferred outflows of resources and liabilities and deferred inflows of resources of governmental and business-type activities and proprietary funds. Net investment in capital assets consists of capital assets, net of accumulated depreciation, plus capital-related deferred outflows of resources, reduced by the outstanding balances of any borrowing and capital related deferred inflows of resources used for the acquisition, construction, or improvements of those assets, plus unspent debt proceeds. Net position is reported as restricted when there are limitations imposed on its use, either through the enabling legislation adopted by the City or through external restrictions imposed by creditors, grantors, or laws or regulations of other governments.

CITY OF EULESS, TEXAS
NOTES TO BASIC FINANCIAL STATEMENTS

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – CONTINUED

Pensions

For purposes of measuring the net pension liability, pension related deferred outflows and inflows of resources, and pension expense, City specific information about its Fiduciary Net Position in the Texas Municipal Retirement System (TMRS) and additions to/deductions from the City's Fiduciary Net Position have been determined on the same basis as they are reported by TMRS. For this purpose, plan contributions are recognized in the period that compensation is reported for the employee, which is when contributions are legally due. Benefit payments and refunds are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value. Information regarding the City's Total Pension Liability is obtained from TMRS through a report prepared for the City by TMRS consulting actuary, Gabriel Roeder Smith & Company, in compliance with Governmental Accounting Standards Board (GASB) Statement No. 68, Accounting and Financial Reporting for Pensions.

Deferred Outflows/Inflows of Resources

In addition to assets, the statement of net position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then. The City has the following items that qualify for reporting in this category.

- Deferred charges on refundings – A deferred charge on refunding results from the difference in the carrying value of refunded debt and its reacquisition price. This amount is deferred and amortized over the shorter of the life of the refunded debt or refunding debt.
- Pension contributions after measurement date – These contributions are deferred and recognized in the following fiscal year.
- Difference in projected and actual earnings on pension assets – This difference is deferred and amortized over a closed five year period.

In addition to liabilities, the statement of net position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The difference in expected and actual pension experience and the actuarial assumption changes are deferred and recognized over the estimated average remaining lives of all members determined as of the measurement date.

Tax Abatements

The City provides tax abatement programs through economic development agreements designed to promote local economic development and redevelopment; spur economic improvement; stimulate business and commercial activity within the City; retain, create, and attract jobs; train and retrain employees of local businesses; generate additional sales tax and enhance the property tax base and economic condition of the City. Agreements generally contain recapture provisions which may require repayment or termination if the recipients do not meet the required provisions.

CITY OF EULESS, TEXAS
NOTES TO BASIC FINANCIAL STATEMENTS

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – CONTINUED

Tax Abatements

As of September 30, 2017, the City has two categories of tax abatement programs for economic development:

Tax Abatements – The City has designated tax reinvestment zones and negotiated tax abatement agreements with applicants as authorized by the Texas Tax Code Chapter 312 and administered through the City’s Tax Abatement Policy to promote development and redevelopment within the City. Such abatement agreements authorize the appraisal district to reduce the assessed value of the taxpayer’s property by a percentage specified in the agreement, and the taxpayer will pay taxes on the lower assessed value during the term of the agreement. Recipients receiving tax abatements generally commit to the creation of new value of eligible property improvements, either for new or improved existing facilities, made subsequent to the agreement ranging from 35% to 75% for up to 10 years. Property taxes abated under this program were \$1,076 in fiscal year 2017, or less than 0.01% of the total property tax levy.

General Economic Development Agreements – The City has entered into various agreements under Texas Local Government Code Chapter 380 to stimulate economic development. Such agreements may provide rebates, grants, or loans for promotion of economic development including attracting new business and encouraging expansion or retention of existing businesses. Rebates may be a flat amount or percentage of property taxes or sales taxes received by the City. For fiscal year 2017 the City rebated \$1,438,671 in sales taxes, or 6.8% of the total sales tax revenues. These rebates are reflected in non-departmental expenditures in the general fund and in general and administrative expenditures in the EDC fund.

NOTE 2. DEPOSITS AND INVESTMENTS

Deposits

State statutes and the City’s investment policy require that all uninsured deposits in financial institutions be fully collateralized by U.S. Government obligations or its agencies or instrumentalities or direct obligations of Texas or its agencies or instrumentalities that have a market value of not less than the principal amount of the deposits. The City’s deposits were fully insured or collateralized as required by state statutes as of September 30, 2017. At year-end, the carrying amount of the City’s deposits was \$1,989,362 with a bank balance of \$2,808,081.

The total bank balance is covered by Federal Depository Insurance Corporation (FDIC) insurance or by collateral for balances in excess of FDIC coverage. Collateral is held by the Federal Reserve Bank in the City’s name under a joint safekeeping agreement with Frost National Bank for City deposits at Frost Bank. The market value of the collateral at the close of the fiscal year was \$2,639,750. The balances at Bank of Texas (BOT) are covered by FDIC insurance and collateral pledged to cover the balances in the BOT short-term cash fund.

CITY OF EULESS, TEXAS
NOTES TO BASIC FINANCIAL STATEMENTS

NOTE 2. DEPOSITS AND INVESTMENTS – CONTINUED

Investments

State statutes, City bond ordinances, and City resolutions authorize the City’s investments. The City is authorized to invest in obligations of the U.S. Government and its agencies and instrumentalities, obligations of the State of Texas and its agencies and instrumentalities, fully-insured or collateralized certificates of deposit, fully-collateralized repurchase agreements and reverse repurchase agreements, government pools, and no-load SEC-registered money market funds consisting of any of these securities listed.

Because the City is responsible for the investment portfolio of its component units, the City’s investment practices and policies disclosed herein apply equally to its component units. During the year ended September 30, 2017, the City did not own any types of securities other than those permitted by statute.

Investment Type	Book Value	Fair Value Level 2	% of Portfolio	WAM	Rating	Rating Agency

Total	<u>\$ 74,996,366</u>	<u>\$ 38,846,494</u>	<u>100%</u>			

Weighted average maturity (WAM) of the portfolio by investment type categories reflected in the previous table is stated in days. For the investment pools, the Reset WAM is presented. Investment type acronyms displayed in the previous table are defined as follows: FNMA – Federal National Mortgage Association, FFCB – Federal Farm Credit Bank, FHLB – Federal Home Loan Bank, FHLMC – Federal Home Loan Mortgage Corporation, and FAMCA – Federal Agricultural Mortgage Corporation. The rating agency acronyms are defined as follows: S&P – Standard and Poor’s Ratings Services, a division of the McGraw-Hill Companies, Inc. and Moody’s – Moody’s Investor Service, Inc. Additional information about the rating agency or the significance of the ratings provided may be obtained from the agency’s web site.

Fair Value

The City categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. GASB Statement No. 72, Fair Value Measurement and Application provides a framework for measuring fair value which establishes a three-level fair value hierarchy that describes the inputs that are used to measure assets and liabilities.

CITY OF EULESS, TEXAS
NOTES TO BASIC FINANCIAL STATEMENTS

NOTE 2. DEPOSITS AND INVESTMENTS – CONTINUED

Investments – Continued

Fair Value – Continued

- Level 1 inputs are quoted prices (unadjusted) for identical assets or liabilities in active markets that a government can access at the measurement date.
- Level 2 inputs are inputs – other than quoted prices included within Level 1– that are observable for an asset or liability, either directly or indirectly.
- Level 3 inputs are unobservable inputs for an asset or liability.

The fair value hierarchy gives the highest priority to Level 1 inputs and the lowest priority to Level 3 inputs. If a price for an identical asset or liability is not observable, a government should measure fair value using another valuation technique that maximizes the use of relevant observable inputs and minimizes the use of unobservable inputs. If the fair value of an asset or a liability is measured using inputs from more than one level of the fair value hierarchy, the measurement is considered to be based on the lowest priority level input that is significant to the entire measurement.

The City has recurring fair value measurements as presented in the previous table. The City's investment balances and weighted average maturity of such investments are as shown.

Investment Pools are measured at amortized cost and are exempt from fair value reporting.

U.S. Government Agency Securities classified in Level 2 of the fair value hierarchy are valued using a matrix pricing technique. Matrix pricing is used to value securities based on the securities' relationship to benchmark quoted prices.

Certificates of Deposit are measured at cost and are exempt from fair value reporting.

Both of the public fund investment pools (pools) in which the City is a participant use amortized cost to value the portfolio. Amortized cost, in most cases, approximates the market value of the securities held. In order to meet the criteria to be recorded at amortized cost, investment pools must transact at a stable net asset value per share and maintain certain maturity, quality, liquidity and diversification requirements within the investment pool. The pools in which the City invests transact at a net asset value of \$1.00 per share, have a weighted average maturity of 60 days or less and weighted average life of 120 days or less, hold investments that are highly rated by a nationally recognized statistical rating organization, have no more than 5% of the portfolio with one issuer (excluding US government securities), and can meet reasonably foreseeable redemptions.

The TexPool investment pool is an external investment pool valued at amortized costs. TexPool, has a redemption notice period of one day and has no maximum transaction amounts. The investment pools' authorities may only impose restrictions on redemptions in the event of a general suspension of trading on major securities markets, general banking moratorium or national or state emergency that affects the pool's liquidity.

CITY OF EULESS, TEXAS
NOTES TO BASIC FINANCIAL STATEMENTS

NOTE 2. DEPOSITS AND INVESTMENTS – CONTINUED

Investments – Continued

The TexSTAR investment pool is an external investment pool measured at amortized cost. TexSTAR's strategy is to seek preservation of principal, liquidity and current income through investment in a diversified portfolio of short-term marketable securities. TexSTAR has a redemption notice period of one day and may redeem daily. The investment pool's authorities may only impose restrictions on redemptions in the event of a general suspension of trading on major securities markets, general banking moratorium or national or state emergency that affects the pool's liquidity.

TexPool falls under the purview of the Texas Comptroller of Public Accounts (Comptroller) who is responsible for oversight of TexPool operations. Federated Investors is responsible for managing pool assets and day-to-day operations. TexSTAR is duly chartered and administered by Hilltop Securities Inc. and JP Morgan Investment Management, Inc. TexSTAR has established a governing board that is partially comprised of pool participants. Duties of the governing board include oversight responsibility. The Comptroller and the governing board exercise oversight of the pools' activities via daily, weekly, and monthly reporting requirements.

Additionally, per the requirements of the Public Funds Investment Act (PFIA), all pools will maintain an AAA or equivalent rating from at least one nationally recognized rating agency. The PFIA also requires an annual examination of the financial statements of the pools by an independent certified public accounting firm. In connection with the financial audit, a compliance audit of management controls on investments and adherence to the investment policies is also required.

Interest Rate Risk

In compliance with the City's Investment Policy, as of September 30, 2017, the City minimized the interest rate risk, the risk relating to the decline in market value of securities in the portfolio, by: limiting the weighted average maturity to 365 days and the stated maturity to two years or less, with the exception of securities purchases related to reserve funds; structuring the investment portfolio so that securities mature to meet cash requirements for ongoing operations, thereby avoiding the need to sell securities in the secondary market prior to maturity; monitoring credit ratings of portfolio positions to assure compliance with rating requirements imposed by the PFIA; and investing funds primarily in money market mutual funds, government investment pools, and shorter-term securities with a weighted average maturity of less than 200 days.

NOTE 2. DEPOSITS AND INVESTMENTS – CONTINUED

Investments – Continued

The following table details the maturity schedule for the City’s investments as of September 30, 2017:

<u>Maturity Schedule</u>	<u>Book Value</u>	<u>Fair Value</u>	<u>% of Portfolio</u>
Overnight	\$ 36,129,233	\$ 36,129,233	48%
Less than 1 month	3,734,449	3,734,508	5%
1 to 6 months	18,755,829	18,763,874	25%
6 to 9 months	9,894,831	9,897,445	13%
9 to 12 months	4,486,663	4,495,691	6%
12 to 18 months	1,495,361	1,496,139	2%
18 to 24 months	500,000	499,875	1%
Total	<u>\$ 74,996,366</u>	<u>\$ 75,016,765</u>	<u>100%</u>

Credit Risk

In compliance with the City’s Investment Policy, as of September 30, 2017, the City minimized credit risk losses due to default of a security issuer or backer, by: limiting investments to the safest types of securities; primarily investing in U.S. Agency Bonds rated AA+ by Standard & Poor’s; pre-qualifying financial institutions, brokers/dealers, and advisors with which the City will do business; and diversifying the investment portfolio so that the potential losses on securities are minimized.

Custodial credit risk – the risk that a government will not be able to recover (a) deposits if the depository financial institution fails or (b) the value of investment or collateral securities that are in the possession of an outside party if the counterparty to the investment or deposit transaction fails. To minimize such risk, the City requires collateralization of deposits in excess of FDIC coverage, utilizes the delivery vs. payment method for investment purchases, and contracts with a third-party collateral safekeeping agent.

Per the terms of its depository agreement, for bank deposits in excess of the coverage provided by the FDIC, the City requires the depository bank to pledge to the City securities (collateral) equal to the 105% of the largest balances the City maintains in the bank. The percentage as shown reflects the requirement based on market value of the pledged securities. The City actively monitors and manages collateral levels for all deposits. On September 30, 2017, the City’s bank balances were insured or fully collateralized.

Credit Risk

The City’s depository bank also acts as its safekeeping agent per the terms of the depository contract. City policy dictates that all securities rendered for payment will be sent delivery vs. payment, meaning that the funds required for purchase of a security will not be released until the safekeeping agent has received the security purchased in the City’s name. No broker holds City funds. The City does not purchase securities from its depository bank or any subsidiary banks of the same bank holding company.

Discount on bonds	(129,592)	-	12,732	(116,860)	(12,736)
Net pension liability	22,490,102	-	(185,926)	22,304,176	-
Compensated absences	1,963,079	411,807	(408,002)	1,966,884	196,688
Total governmental activities	72,226,873	661,177	(4,581,805)	68,306,245	4,772,434
Business-type activities					
Water and sewer revenue bonds	10,305,000	-	(765,000)	9,540,000	780,000
General obligation refunding bonds	5,695,000	-	(455,000)	5,240,000	470,000
Premiums on bonds	213,692	-	(19,241)	194,451	19,240
Discounts on bonds	(27,629)	-	1,624	(26,005)	(1,625)
Net pension liability	4,181,262	-	(34,366)	4,146,896	-
Compensated absences	263,065	68,351	(35,292)	296,124	29,612
Total business-type activities	20,630,390	68,351	(1,307,275)	19,391,466	1,297,227
Total primary government	<u>\$ 92,857,263</u>	<u>\$ 729,528</u>	<u>\$ (5,889,080)</u>	<u>\$ 87,697,711</u>	<u>\$ 6,069,661</u>

Governmental fund net pension liability is typically liquidated by the general, half-penny sales tax, crime control and prevention district, and juvenile case funds.

General Obligation Bonds

General obligation bonds and general obligation refunding bonds provide funds for the acquisition and construction of major capital equipment, City facilities, and infrastructure assets and the refunding of previously issued debt instruments. General obligation bonds require voter authorization; whereas general obligation refunding bonds do not. General obligation bonds are direct obligations of the City, payable from a continuing and direct ad valorem tax, levied within the limits prescribed by law, on all taxable property within the City as provided in the ordinances authorizing issuance of the bonds.

CITY OF EULESS, TEXAS
NOTES TO BASIC FINANCIAL STATEMENTS

NOTE 4. LONG-TERM DEBT – CONTINUED

General Obligation Bonds – Continued

The City is required to compute an interest and sinking fund tax rate sufficient to cover the annual debt service requirements inclusive of anticipated drawdown of reserves, transfers or revenues from self-supporting debt systems, and other miscellaneous sources.

As of September 30, 2017, general obligation bonds currently outstanding are as follows:

	Interest Rate %	Issue Date	Maturity Date	Principal Outstanding
General Obligation Bonds				
Taxable Refunding, Series 2010	.68% – 4.4%	08/15/2010	08/01/2025	\$4,740,000
Refunding, Series 2011	2% – 4%	01/15/2011	08/15/2021	3,220,000
Refunding, Series 2012	2% – 4%	12/01/2011	02/15/2024	3,400,000
Refunding, Series 2012A	2% – 4%	11/01/2012	02/15/2027	5,240,000
Refunding, Series 2014	3%	10/15/2014	02/15/2020	3,130,000
			Total	<u>\$19,730,000</u>

Annual debt service requirements to maturity for general obligation bonds are as follows:

Fiscal Year	Governmental Activities		Business-Type Activities		Total
	Principal	Interest	Principal	Interest	
2018	\$ 3,030,000	\$ 496,844	\$ 470,000	\$ 125,425	\$ 4,122,269
2019	2,655,000	406,309	475,000	113,600	3,649,909
2020	2,765,000	316,181	490,000	99,125	3,670,306
2021	1,925,000	229,114	510,000	84,125	2,748,239
2022	1,105,000	152,439	520,000	71,276	1,848,715
2023-2027	<u>3,010,000</u>	<u>207,778</u>	<u>2,775,000</u>	<u>175,350</u>	<u>6,168,128</u>
Total	<u>\$ 14,490,000</u>	<u>\$ 1,808,665</u>	<u>\$ 5,240,000</u>	<u>\$ 668,901</u>	<u>\$ 22,207,566</u>

The business-type activities general obligation refunding bonds outstanding were issued to refund previously issued golf course debt. The City anticipates repayment of the debt will occur from the golf system revenues. However, these plans are subject to change.

CITY OF EULESS, TEXAS
NOTES TO BASIC FINANCIAL STATEMENTS

NOTE 4. LONG-TERM DEBT – CONTINUED

Certificates of Obligation

Certificates of obligation are issued for many of the same purposes as general obligation bonds, but certificates do not require voter authorization nor may they be used to refund existing debt. The certificates constitute direct obligations of the City, payable from (i) the levy and collection of a direct and continuing ad valorem tax, levied within the limits prescribed by law, on all taxable property within the City, and (ii) a limited pledge (not to exceed \$1,000) of the Net Revenues of the City’s waterworks and sanitary sewer system.

The City currently has the following certificates of obligation outstanding as of the end of the fiscal year:

Certificates of Obligation	Interest Rate %	Issue Date	Maturity Date	Principal Outstanding
Series 2011	3% – 4.25%	01/15/2011	08/15/2030	\$2,375,000
Series 2014	0% – 5%	10/15/2014	08/15/2034	5,495,000
Series 2015	3% – 5%	10/27/2015	02/15/2035	3,030,000
Series 2016	2% – 4%	01/12/2016	*02/15/2041	16,450,000
			Total	<u>\$27,350,000</u>

*previously reported as 08/15/2041

Annual debt service requirements to maturity for the certificates of obligation are as follows:

Fiscal Year	Governmental Activities		Total
	Principal	Interest	
2018	\$ 870,000	\$ 890,106	\$ 1,760,106
2019	1,025,000	860,781	1,885,781
2020	1,070,000	821,081	1,891,081
2021	1,100,000	784,906	1,884,906
2022	1,135,000	747,581	1,882,581
2023-2027	6,330,000	3,080,830	9,410,830
2028-2032	6,950,000	2,008,610	8,958,610
2033-2037	5,530,000	989,747	6,519,747
2038-2041	3,340,000	246,213	3,586,213
Total	<u>\$ 27,350,000</u>	<u>\$10,429,855</u>	<u>\$37,779,855</u>

Revenue Bonds

Each series of revenue bonds is backed by the pledged revenue sources identified in the bond ordinances authorizing issuance of the bonds. The purpose and primary pledged revenue sources of each type of revenue bond are summarized as follows.

CITY OF EULESS, TEXAS
NOTES TO BASIC FINANCIAL STATEMENTS

NOTE 4. LONG-TERM DEBT – CONTINUED

Revenue Bonds – Continued

Half-penny sales tax fund issues sales tax revenue bonds (STRB) to finance library, park, and economic development projects throughout the City. Sales tax revenue bonds are special obligations of the Euless Development Corporation (EDC), payable solely from and secured by a lien on and pledge of certain Pledged Revenues which includes the gross proceeds of a ½¢ sales and use tax levied within the City for the benefit of the EDC. The EDC is reflected in the financial statements of the City as a special revenue fund. Accordingly, the EDC’s debt is reflected in governmental activities debt.

Water and wastewater fund issues revenue bonds (W&WW) for the construction of and improvement to the City’s combined waterworks and sanitary sewer infrastructure or to refund previously issued revenue bonds. Water and sewer revenue bonds and refunding bonds are payable solely from and equally secured by a first lien on and pledge of the net revenues of the City’s water and wastewater system.

	Interest Rate %	Issue Date	Maturity Date	Principal Outstanding
Revenue Bonds				
STRB Refunding, Series 2012	1.43%	01/12/2012	09/15/2019	\$ 75,000

CITY OF EULESS, TEXAS
NOTES TO BASIC FINANCIAL STATEMENTS

NOTE 4. LONG-TERM DEBT – CONTINUED

Revenue Bonds – Continued

The gross ½¢ sales tax revenues of the EDC recognized in the year ending September 30, 2017 totaled \$5,316,453. The principal and interest payments on the EDC debt for the same period totaled \$46,716 which equates to approximately .9% of the gross ½¢ sales tax revenues.

The recognized net revenues of the water and wastewater fund totaled \$3,029,464 for the year ending September 30, 2017. Principal and interest payments on the water and sewer revenue bonds totaled \$942,600 which equates to approximately 31.1% of net system revenues.

Tax Notes

Tax notes are issued for the purchase of certain specified materials, supplies, equipment, and machinery for the City’s authorized needs and purposes. In 2016, tax notes were issued for purchase of a fire truck and other related equipment; and professional services rendered in relation thereto.

The City currently has the following tax notes outstanding as of the end of the fiscal year:

	Interest Rate %	Issue Date	Maturity Date	Principal Outstanding
Tax Notes Series 2016	1.16%	08/30/2016	*08/15/2019	\$860,000

*previously reported as 02/15/2019

Annual debt service requirements to maturity for the tax notes are as follows:

Fiscal Year	Governmental Activities		Total
	Principal	Interest	
2018	\$425,000	\$ 9,976	\$434,976
2019	435,000	5,046	440,046
Total	<u>\$860,000</u>	<u>\$15,022</u>	<u>\$875,022</u>

CITY OF EULESS, TEXAS
NOTES TO BASIC FINANCIAL STATEMENTS

NOTE 4. LONG-TERM DEBT – CONTINUED

Capital Leases

The City entered into a lease/purchase agreement to finance a new telephone system. Under the terms of the agreement, the related capital equipment will become the property of the City when all terms of the lease agreement are met. The agreement includes a stated interest rate of 0%; however, an implied interest rate approximating 9.32% was utilized to calculate the interest portion of the future lease payments. Furthermore, the agreement states \$249,370 is the amount being financed and the amount to be repaid over three years is \$275,000. The value of the telephone equipment is \$275,000.

As of September 30, 2017, capital lease annual amortization is as follows:

2018	\$	91,667
2019		91,666
Total		183,333
Less interest		(22,788)
Present value of remaining payments	\$	160,545
		Governmental Activities
Equipment	\$	275,000
Less: accumulated amortization		(32,738)
Net book value	\$	242,262

Annual Requirements to Retire Debt Obligations

In accordance with the water and sewer revenue and refunding bond ordinances, the following reserves were established:

Reserve for revenue bond debt service – to be used for retirement of the current portion of principal and interest payments due.

Reserve for emergency – to be used for payment of extraordinary repairs or replacements to the system necessitated by an emergency for which no other funds are available.

CITY OF EULESS, TEXAS
NOTES TO BASIC FINANCIAL STATEMENTS

NOTE 4. LONG-TERM DEBT – CONTINUED

Annual Requirements to Retire Debt Obligations - Continued

Revenue bond reserve – a reserve established at the time of issuance pursuant to the revenue bond covenants which will be used for principal and interest payments in the event of default by the issuer.

Should the reserve for revenue bond debt service and/or the revenue bond reserve prove deficient, the reserve for emergency shall be used for the purpose of meeting principal and/or interest requirements of the bonds.

All funding requirements for the above reserves were met at September 30, 2017.

Investments of funds included in the bond reserve and emergency accounts are restricted to obligations of the United States or its agencies or instrumentalities (except for mortgage pass-through securities).

Water and sewer revenue bonds authorized and unissued as of September 30, 2017, amounted to \$1,200,000. The water and sewer bonds were authorized in 1970, and currently the City Council has no intent to issue these bonds.

NOTE 5. COMMITMENTS AND CONTINGENT LIABILITIES

The City entered into a contract dated January 21, 1972, with Trinity River Authority (TRA) whereby TRA agreed to provide treated water to the City. This contract was for an original term of thirty-five (35) years and continues in effect until all bonds, or any bonds issued to refund same, have been paid in full. Additionally, on October 10, 1973, the City entered into a contract with TRA to provide wastewater treatment services to the City. The contract remains in force and effect for a period of fifty (50) years and thereafter until any bonds, or any bonds issued to refund same, have been paid in full. Payments by the City are based on metered usage at rates designed to charge the City a prorata share of TRA's annual operating and maintenance expenses and principal and interest requirements on bonds issued by TRA. Payments under these contracts approximated \$9,815,413 and are included as operating expenses of the water and wastewater fund.

The City entered into a 20-year contract dated February 2, 2010, with the City of Fort Worth (Fort Worth) whereby Fort Worth agreed to provide reclaimed water service to the City. Payments by the City are based on metered volume. Payments under this contract were \$217,514 in the year ended September 30, 2017 and are included as operating expenses of the water and wastewater fund.

The City is involved in a number of lawsuits arising in the ordinary course of business. In the opinion of the City's legal counsel and management, any liability resulting from such litigation would not be material in relation to the City's financial position.

CITY OF EULESS, TEXAS
NOTES TO BASIC FINANCIAL STATEMENTS

NOTE 6. SERVICE CENTER

The water and wastewater enterprise fund historically bears the major portion of the operating costs of the City's service center, which provides services to all City departments.

NOTE 7. INTERFUND TRANSFERS

All interfund transfers between the various funds are approved supplements to the operations of those funds.

	Transfers in			
	General	Debt service	Non-major governmental	Subtotal governmental
Transfers out				
General	\$ -	\$ -	\$ 928,480	\$ 928,480
Debt service	-	-	-	-
Car rental tax	1,579,163	-	2,330,000	3,909,163
Water and wastewater	1,155,834	-	-	1,155,834
Drainage utility	36,599	-	-	36,599
Nonmajor governmental	-	1,513,355	1,301,630	2,814,985
Total transfers in	<u>\$ 2,771,596</u>	<u>\$ 1,513,355</u>	<u>\$ 4,560,110</u>	<u>\$ 8,845,061</u>

	Transfers in				Total transfers out
	Golf course	Non-major proprietary	Internal service	Subtotal proprietary	
Transfers out					
General	\$ 15,447	\$ -	\$ 242,000	\$ 257,447	\$ 1,185,927
Debt service	-	-	1,250,000	1,250,000	1,250,000
Car rental tax	-	-	607,036	607,036	4,516,199
Water and wastewater	-	-	242,000	242,000	1,397,834
Drainage utility	-	-	-	-	36,599
Nonmajor governmental	386,869	1,023,686	-	1,410,555	4,225,540
Total transfers in	<u>\$ 402,316</u>	<u>\$ 1,023,686</u>	<u>\$ 2,341,036</u>	<u>\$ 3,767,038</u>	<u>\$ 12,612,099</u>

Transfers are primarily used to move funds from:

- The general fund to the non-major governmental fund to satisfy grant matching requirements and to provide funding for approved capital projects and to the golf course fund for sales tax rebates.
- The car rental tax fund, the water and wastewater fund, and the drainage utility fund to the general fund for general and administrative charges.
- The car rental tax fund to the non-major governmental funds to provide funding for approved capital projects.
- The non-major government funds to debt service funds for the debt service payments on bonds.

CITY OF EULESS, TEXAS
NOTES TO BASIC FINANCIAL STATEMENTS

NOTE 7. INTERFUND TRANSFERS – CONTINUED

- The non-major governmental funds to the other non-major governmental funds for approved projects and to satisfy grant matching requirements.
- The general fund and water and wastewater fund to the internal service funds for workers' compensation and general liability insurance claims.
- The car rental fund and debt service fund to the internal service fund for equipment purchases.
- The non-major governmental funds to the golf course fund to cover a portion of the operating and debt costs associated with the conference center.
- The non-major governmental funds to the non-major enterprise funds to provide funding for approved capital projects.

NOTE 8. RISK MANAGEMENT

The City is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The City participates in the Texas Municipal League Joint Self-Insurance Fund (TMLIF) to provide both general liability and property insurance.

The City, along with other participating entities, contributes annual amounts determined by TMLIF management. As claims arise they are submitted to and paid by TMLIF. The City is not liable for payments beyond their annual contributions to TMLIF and related deductibles.

In fiscal year 2006, the City contracted with the Texas Municipal League Intergovernmental Risk Pool to provide workers' compensation insurance and effectively discontinued being self-insured for workers' compensation claims. This policy has no deductibles, includes all claims handling, and has a fixed premium.

In fiscal years prior to 2006, the City was self-insured for workers' compensation claims. Contributions were made to a separate risk management fund by other funds and were available to pay claims, claim reserves, and administrative costs of the program. The City remains liable under its self-insurance program for any claims occurring prior to October 1, 2005.

The City provides employee health insurance coverage on a self-insured basis. Premiums are paid into a separate insurance fund by other funds, by the City's employees, and by retirees. The premiums are used to fund claims, administrative costs of the program, and claim reserves. An excess coverage insurance policy covers individual claims in excess of \$100,000 and aggregate claims in excess of \$5,722,208. During fiscal year 2017, the City and the City's employees contributed approximately \$4,422,797 and \$1,455,715 respectively, for medical coverage.

CITY OF EULESS, TEXAS
NOTES TO BASIC FINANCIAL STATEMENTS

NOTE 8. RISK MANAGEMENT – CONTINUED

The City's contributions are accounted for as interfund services provided and used. Claims liabilities are based on estimates of the ultimate cost of claims (including future claim adjustment expenses) that have been reported but not settled, and of claims that have been incurred but not reported, and are accounted for in the Insurance Internal Service Fund.

Changes in the balances of health and dental claims liabilities for the years ended September 30, 2017 and 2016 are as follows:

	2017	2016
Unpaid claims, beginning of year	\$ 849,000	\$ 507,500
Incurred claims	5,644,625	5,498,859
Paid claims	(5,608,625)	(5,157,359)
Unpaid claims, end of year	\$ 885,000	\$ 849,000

Settlement amounts have not exceeded stop loss insurance coverage for the year ended September 30, 2017 or any of the three preceding years ended September 30.

NOTE 9. DEFINED BENEFIT PENSION PLAN

Plan Description

The City participates as one of 872 plans in the nontraditional, joint contributory, hybrid defined benefit pension plan administered by the Texas Municipal Retirement System (TMRS). TMRS is an agency created by the State of Texas and administered in accordance with the TMRS Act, Subtitle G, Title 8, Texas Government Code (the TMRS Act) as an agent multiple-employer retirement system for municipal employees in the State of Texas. The TMRS Act places the general administration and management of the System with a six-member Board of Trustees. Although the Governor, with the advice and consent of the Senate, appoints the Board, TMRS is not fiscally dependent on the State of Texas. TMRS's defined benefit pension plan is a tax-qualified plan under Section 401 (a) of the Internal Revenue Code. TMRS issues a publicly available comprehensive annual financial report (CAFR) that can be obtained at www.tmr.com.

All eligible employees of the City are required to participate in TMRS.

**CITY OF EULESS, TEXAS
NOTES TO BASIC FINANCIAL STATEMENTS**

NOTE 9. DEFINED BENEFIT PENSION PLAN – CONTINUED

Benefits Provided

TMRS provides retirement, disability and death benefits. Benefit provisions are adopted by the governing body of the City, within the options available in the state statutes governing TMRS.

At retirement, the benefit is calculated as if the sum of the employee’s contributions, with interest, and the city-financed monetary credits with interest were used to purchase an annuity. Members may choose to receive their retirement benefit in one of seven payment options. Members may also choose to receive a portion of their benefit as a Partial Lump Sum Distribution in an amount equal to 12, 24, or 36 monthly payments, which cannot exceed 75% of the member’s deposits and interest.

Plan provisions for the City are as follows:

Employee deposit rate	7%
Matching ratio (City to employee)	2 to 1
A member is vested after	5 years
Service retirement eligibility	20 years at any age, 5 years at 60 and above
Updated service credit	100% Repeating, Transfers
Annuity increase (to retirees)	70% of CPI

Employees Covered By Benefit Terms

At the December 31, 2016 valuation and measurement date, the following employees were covered by the benefit terms:

Inactive employees or beneficiaries currently receiving benefits	218
Inactive employees entitled to, but not yet receiving benefits	150
Active employees	376
Total	<u>744</u>

CITY OF EULESS, TEXAS
NOTES TO BASIC FINANCIAL STATEMENTS

NOTE 9. DEFINED BENEFIT PENSION PLAN – CONTINUED

Contributions

The contribution rates for employees in TMRS are either 5%, 6%, or 7% of employee gross earnings, and the city matching percentages are either 100%, 150%, or 200%, both as adopted by the governing body of the City. Under the state law governing TMRS, the contribution rate for each city is determined annually by the actuary, using the Entry Age Normal (EAN) actuarial cost method. The actuarially determined rate is the estimated amount necessary to finance the cost of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability.

Employees of the City were required to contribute 7% of their annual gross earnings during the year ended September 30, 2017. The contribution rates for the City were 17.49% and 17.76% in calendar years 2016 and 2017, respectively. The City's contributions to TMRS for the year ended September 30, 2017 were \$4,917,397 and were equal to the required contributions.

Net Pension Liability

The City's Net Pension Liability (NPL) was measured as of December 31, 2016, and the Total Pension Liability (TPL) used to calculate the Net Pension Liability was determined by an actuarial valuation as of that date.

Actuarial Assumptions

The TPL in the December 31, 2016 actuarial valuation was determined using the following actuarial assumptions:

Inflation	2.5% per year
Overall payroll growth	3.0% per year
Investment rate of return	6.75%, net of pension plan investment expense, including inflation

Salary increases were based on a service-related table. Mortality rates for active members, retirees, and beneficiaries were based on the gender-distinct RP2000 Combined Healthy Mortality Table with Blue Collar Adjustments, with male rates multiplied by 109% and female rates multiplied by 103%. Based on the size of the City, rates are multiplied by a factor of 100%.

The rates are projected on a fully generational basis by scale BB to account for future mortality improvements. For disabled annuitants, the gender-distinct RP2000 Combined Healthy Mortality Tables with Blue Collar Adjustments are used with Male rates multiplied by 109% and female rates multiplied by 103% with a 3-year set-forward for both males and females. In addition, a 3% minimum mortality rate is applied to reflect the impairment for younger members who become disabled. The rates are projected on a fully generational basis by scale BB to account for future mortality improvements subject to the 3% floor.

CITY OF EULESS, TEXAS
NOTES TO BASIC FINANCIAL STATEMENTS

NOTE 9. DEFINED BENEFIT PENSION PLAN – CONTINUED

Actuarial Assumptions – Continued

Actuarial assumptions used in the December 31, 2016, valuation were based on the results of actuarial experience studies. The experience study in TMRS was for the period December 31, 2010 through December 31, 2014. Healthy post-retirement mortality rates and annuity purchase rates were updated based on a Mortality Experience Investigation Study covering 2009 through 2011, and dated December 31, 2013. These assumptions were first used in the December 31, 2013 valuation, along with a change to the Entry Age Normal (EAN) actuarial cost method. Assumptions are reviewed annually. Plan assets are managed on a total return basis with an emphasis on both capital appreciation as well as the production of income, in order to satisfy the short-term and long-term funding needs of TMRS.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation.

In determining their best estimate of a recommended investment return assumption under the various alternative asset allocation portfolios, GRS focused on the area between (1) arithmetic mean (aggressive) without an adjustment for time (conservative) and (2) the geometric mean (conservative) with an adjustment for time (aggressive).

The target allocation and best estimates of real rates of return for each major asset class are summarized in the following table:

<u>Asset Class</u>	<u>Target Allocation</u>	<u>Long-Term Expected Real Rate of Return (Arithmetic)</u>
Domestic Equity	17.5%	4.55%
International Equity	17.5%	6.35%
Core Fixed Income	10.0%	1.00%
Non-Core Fixed Income	20.0%	4.15%
Real Return	10.0%	4.15%
Real Estate	10.0%	4.75%
Absolute Return	10.0%	4.00%
Private Equity	5.0%	7.75%
Total	<u>100.0%</u>	

CITY OF EULESS, TEXAS
NOTES TO BASIC FINANCIAL STATEMENTS

NOTE 9. DEFINED BENEFIT PENSION PLAN – CONTINUED

Discount Rate

The discount rate used to measure the TPL was 6.75%. The projection of cash flows used to determine the discount rate assumed that employee and employer contributions will be made at the rates specified in statute. Based on that assumption, the pension plan's Fiduciary Net Position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the Total Pension Liability.

Changes in the Net Pension Liability

	Increase (Decrease)		
	TPL (a)	Plan Fiduciary Net Position (b)	NPL (a) - (b)
Balance at 12/31/2015	\$ 185,689,330	\$ 159,017,966	\$ 26,671,364
Changes for the year:			
Service cost	4,868,631	-	4,868,631
Interest	12,462,429	-	12,462,429
Change of benefit terms	-	-	-
Difference between expected and actual experience	(361,966)	-	(361,966)
Changes of assumptions	-	-	-
Contributions - employer	-	4,691,585	(4,691,585)
Contributions - employee	-	1,877,709	(1,877,709)
Net investment income	-	10,748,002	(10,748,002)
Benefit payments, including refunds of employee contributions	(6,990,135)	(6,990,135)	-
Administrative expense	-	(121,371)	121,371

Balance at 12/31/2016	<u>\$ 195,668,289</u>	<u>\$ 169,217,217</u>	<u>\$ 26,451,072</u>

Plan fiduciary net position as a percentage of the TPL	86.48%
Covered payroll	\$26,824,411
NPL as a percentage of covered payroll	98.61%

CITY OF EULESS, TEXAS
NOTES TO BASIC FINANCIAL STATEMENTS

NOTE 9. DEFINED BENEFIT PENSION PLAN – CONTINUED

Sensitivity of the Net Pension Liability to Changes in the Discount Rate

The following presents the net pension liability of the City, calculated using the discount rate of 6.75%, as well as what the City’s net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (5.75%) or 1-percentage-point higher (7.75%) than the current rate:

	1% Decrease in Discount Rate <u>(5.75%)</u>	Discount Rate <u>(6.75%)</u>	1% Increase in Discount Rate <u>(7.75%)</u>
City’s net pension liability	\$ 54,526,967	\$ 26,451,072	\$ 3,410,777

Pension Plan Fiduciary Net Position

Detailed information about the pension plan’s Fiduciary Net Position is available in a separately-issued TMRS financial report. That report may be obtained on the Internet at www.tmrs.com.

Pension Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

For the year ended September 30, 2017, the City recognized pension expense of \$6,989,641.

At September 30, 2017, the City reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Differences between expected and actual experience	\$ -	\$ 997,202
Changes in actuarial assumptions	-	371,366
Difference between projected and actual investment earnings	7,314,222	-
Contributions subsequent to the measurement date	<u>3,510,823</u>	<u>-</u>
Total	<u>\$ 10,825,045</u>	<u>\$ 1,368,568</u>

**CITY OF EULESS, TEXAS
NOTES TO BASIC FINANCIAL STATEMENTS**

NOTE 9. DEFINED BENEFIT PENSION PLAN – CONTINUED

Pension Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions – Continued

\$3,510,823 reported as deferred outflows of resources related to the pensions resulting from contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability for the year ended September 30, 2018. Other amounts reported as deferred outflows and inflows of resources related to pensions will be recognized in pension expense as follows:

Measurement Year <u>December 31,</u>	Net Deferred Outflows/(Inflows) <u>of Resources</u>
2017	\$ 2,142,092
2018	2,142,092
2019	1,826,811
2020	(138,529)
2021	<u>(26,812)</u>
Total	<u>\$ 5,945,654</u>

NOTE 10. OTHER POSTEMPLOYMENT BENEFITS

Postemployment Healthcare Plan

Plan Description

The City adopted the City of Euless Post-Employment Benefits Trust (OPEB Trust) by passage of Resolution No. 09-1319 on September 8, 2009 which authorized participation in the PARS Public Agencies Post-Retirement Health Care Plan Trust, including the City of Euless Public Agencies Post-Retirement Health Care Plan (the Plan), as part of the City’s Retirement Program. Article III of the Public Agencies Post-Retirement Health Care Plan Master Plan Document as adopted provides for the determination of eligibility under the plan to each participating Employer to the extent provided in the Employer’s applicable policies.

The City’s policies with regard to post-employment healthcare coverage are governed by the City of Euless Medical and Dental Plan, the City’s group health insurance plan, the benefits of which are established by management.

CITY OF EULESS, TEXAS
NOTES TO BASIC FINANCIAL STATEMENTS

NOTE 10. OTHER POSTEMPLOYMENT BENEFITS – CONTINUED

Postemployment Healthcare Plan – Continued

Benefits provided. The City provides post-employment medical, dental, life, and vision benefits under the Plan to eligible retirees and dependents qualifying as one of the eligible classes of dependents as described in the Plan. To be eligible for coverage under the Plan, an employee must retire with the City of Euless and be eligible for retirement through TMRS. TMRS retirement eligibility requirements are described in detail in Note 9. Additionally, written application to enroll himself/herself and all eligible dependents (for which coverage is elected) in the Plan must be made by the employee prior to or on the retirement date.

The Plan provides lifetime benefits or until Medicare eligibility is attained. Regardless of Medicare enrollment status, the Plan will base payment of benefits as though Medicare were responsible for primary payment of benefits insomuch as allowed by Federal law.

The Plan is a single-employer defined benefit healthcare plan administered by the City Manager, his/her successor, or his/her designee. Separate financial statements for the Plan are not issued, but rather are included in the financial statements of the City which are available on-line at <http://www.eulesstx.gov/finance/cafr.htm>.

The OPEB Trust is an agent multiple-employer trust arrangement established to provide economies of scale and efficiency of administration to public agencies. The OPEB Trust is established as a tax-exempt trust within the meaning of Section 115 of the Internal Revenue Code and is intended to hold the assets used to fund the City's post-employment benefits offered by the City to its employees as specified in the City's policies.

The OPEB Trust is administered by Public Agency Retirement Services pursuant to the Trust Agreement adopted on September 8, 2009 by the City Council with passage of Resolution No. 09-1319. Upon adoption of the Trust Agreement, a separate Agency Account was established under the OPEB Trust for the City, and all assets of the Trust attributable to the City are held in the City's Agency Account. The assets of the Trust are available only to pay post-employment healthcare benefits of eligible employees of the City and their dependents and other associated administrative costs.

Funding Policy

A Participant in the OPEB Trust is required from time-to-time to contribute to its Agency Account an amount determined by such Participant at its sole discretion. Such amount may, but need not, equal such Participant's actuarially determined contribution (ADC) as determined in accordance with GASB 74. However, it is currently the intent of the Plan Administrator to annually fund an amount equal to, or in excess of, the ADC. This intent is subject to change and is subject to annual appropriation.

CITY OF EULESS, TEXAS
NOTES TO BASIC FINANCIAL STATEMENTS

NOTE 10. OTHER POSTEMPLOYMENT BENEFITS – CONTINUED

Funding Policy – Continued

Contribution requirements of Plan members and the City are determined by the Plan Administrator and may be amended by same from time to time. Plan members contribute:

	Monthly Contribution			
	Medical Plan A	Medical Plan B	Dental	Vision
Retiree Only	\$ 811.05	\$ 698.72	\$ 29.10	\$ 8.26
Retiree plus Children	1,541.00	1,327.58	55.28	13.50
Retiree plus Spouse	1,865.42	1,607.07	66.92	16.04
Retiree plus Family	2,352.05	2,026.30	84.38	22.68

Retired employees meeting all eligibility requirements as set forth in the Plan that were hired prior to October 1, 2006 and are either:

- a) Retired and enrolled in the Plan on or prior to September 30, 2007; or
- b) Retired and not enrolled in the Plan on or prior to September 30, 2007 and meet guidelines for reinstatement to the Plan; or
- c) Employees who were not retired as September 30, 2007 that retire with at least ten years of service to the City of Euless and have a combined age and years of service equal to at least 70

will qualify for a service discount on their total premium, subject to annual appropriation, as set forth in the following table.

Retired employees meeting all eligibility requirements as set forth in the Plan that were hired after October 1, 2006 and before October 1, 2014 retiring with a minimum of 20 years of service with a combined age and years of service to the City of Euless equal to at least 80 qualify for a service discount on their total premium, subject to annual appropriation, as set forth in the following:

Service	Discounts on Premiums			
	Hired Pre- 10/2006		Hired Post- 10/2006	
	Retiree	Retiree+	Retiree	Retiree+
10 to 14 years	15%	30%	N/A	N/A
15 to 19 years	25%	40%	N/A	N/A
20 to 24 years	35%	50%	35%	50%
25 to 29 years	50%	65%	50%	65%
30+ years	60%	75%	60%	75%

CITY OF EULESS, TEXAS
NOTES TO BASIC FINANCIAL STATEMENTS

NOTE 10. OTHER POSTEMPLOYMENT BENEFITS – CONTINUED

Funding Policy – Continued

Retirees are permitted to participate with active employees in the healthcare plan but retirees must pay all premiums (less applicable discounts) assigned to them. The City will continue to apply the applicable discount to surviving spouse/dependents based upon a deceased employee’s years of service. Employees hired after October 1, 2014 will not be eligible for premium discounts regardless of years of service.

Per the requirements of GASB 74 Financial Reporting for Postemployment Benefit Plans Other Than Pension Plans, which the City Plan implemented in fiscal year 2017, the following data is presented.

Plan Membership

On September 30, 2017, plan membership consisted of the following:

Inactive plan members or beneficiaries currently receiving benefit payments	92
Inactive plan members entitled to, but not yet receiving benefit payments	47
Active plan members	<u>749</u>
	<u>888</u>

Investments

Investment policy. The City’s policy in regard to the allocation of invested assets is established and may be amended by the City Manager. The City Council appointed the City Manager or her successor or her designee as the City’s Plan Administrator. The City Manager selected the balanced, moderately aggressive actively-managed investment option (HighMark PLUS) to provide growth of principal and income. While dividend and interest income are an important component of the objective’s total return, it is expected that capital appreciation will comprise a larger portion of the total return. The portfolio will be allocated between equity and fixed income investments.

<u>Asset Class</u>	<u>Strategic Range</u>	<u>Target Allocation</u>	<u>9/30/2017 Allocation</u>
Equity	50-70%	60.00%	60.03%
Fixed income	30-50%	35.00%	36.11%
Cash	0-20%	5.00%	3.86%
		<u>100.00%</u>	<u>100.00%</u>

CITY OF EULESS, TEXAS
NOTES TO BASIC FINANCIAL STATEMENTS

NOTE 10. OTHER POSTEMPLOYMENT BENEFITS – CONTINUED

Investments – Continued

Rate of return. For the year ended September 30, 2017, the annual money-weighted rate of return on investments, net of investment expense, was 12.38%. The money-weighted rate of return expresses investment performance, net of investment expense, adjusted for the changing amounts actually invested.

Concentrations. The following investments comprised 5% or more of the OPEB plan’s fiduciary net position as of September 30, 2017:

Asset Class	Investment Vehicle	% of Portfolio
Equity	Vanguard Growth & Income Adm	12.07%
Equity	Dodge & Cox Stock Fund	7.05%
Fixed Income	Nationwide HighMark Bond Fund	11.53%
Fixed Income	Prudential Total Rtrn BD	9.15%
Fixed Income	PIMCO Total Return Instl Fund	9.79%

Net OPEB Liability of the City

The components of the net OPEB liability of the City at September 30, 2017 were as follows:

Total OPEB liability	\$ 17,064,452
Plan fiduciary net position	<u>(5,359,608)</u>
City's net OPEB liability	<u><u>\$ 11,704,844</u></u>
 Plan fiduciary net assets as a percent of the total OPEB liability	 31.41%

Actuarial Methods and Assumptions

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employer and the plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the employer and plan members at that point. The actuarial methods and assumptions used include techniques that are designed to reduce the effects of short-term volatility in actuarial accrued liabilities and the actuarial value of plan assets, consistent with the long-term perspective of the calculations.

CITY OF EULESS, TEXAS
NOTES TO BASIC FINANCIAL STATEMENTS

NOTE 10. OTHER POSTEMPLOYMENT BENEFITS – CONTINUED

Actuarial Methods and Assumptions – Continued

An actuarial valuation was performed as of October 1, 2016 using the entry age normal actuarial cost method. The liability was then projected forward to the measurement date of September 30, 2017. The actuarial assumptions include:

Discount rate	7.50%
Salary increases	2.00%
Investment rate of return	7.50%
Healthcare cost trend rates	7.0% with annual increases/decreases to an ultimate rate of 4.0% in 2074
Dental cost trend rates	3.9% through 2074; dropping to 3.8% in 2074
Long-term expected rate of return	7.50%
Municipal bond rate	N/A

Mortality rates were based on the Adjusted RPH-2014 Generational with MP-2017 projection. The plan has not had a formal actuarial experience study performed.

The expected return of each asset class is determined through a combination of historical rates of return, valuation projections, and economic expectations. Expected rates of return are developed and annually reviewed by HighMark's Asset Allocation Committee. The long-term expected rate of return on OPEB plan investments is then calculated by weighting the returns for each asset class according to the exposure as determined by the current strategic allocation. The anticipated long-term rate of return is 6.85% with an expected standard deviation of 8.84%. Anticipated long-term returns by asset class are not available.

Discount rate. The discount rate used to measure the total OPEB liability was 7.5%. The projection of cash flows used to determine the discount rate assumed the City contributions will be made at rates at least equal to the actuarially determined contribution rates. Based on those assumptions, the OPEB Plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on OPEB plan investments was applied to all periods of projected benefit payments to determine the total OPEB liability.

CITY OF EULESS, TEXAS
NOTES TO BASIC FINANCIAL STATEMENTS

NOTE 10. OTHER POSTEMPLOYMENT BENEFITS – CONTINUED

Actuarial Methods and Assumptions – Continued

Sensitivity of the OPEB liability to changes in the discount rate. The following presents the net OPEB liability of the City as well as what the City’s net OPEB liability would be if it were calculated using a discount rate that is one percentage point lower (6.5%) or one percentage point higher (8.5%) than the current discount rate:

	1% Decrease (6.5%)	Discount Rate (7.5%)	1% Increase (8.5%)
Net OPEB liability	\$ 14,221,364	\$ 11,704,844	\$ 9,673,635

Sensitivity of the OPEB liability to changes in the healthcare cost trend rates. The following presents the net OPEB liability of the City as well as what the City’s net OPEB liability would be if it were calculated using healthcare cost trend rates that are one percentage point lower or one percentage point higher than the current healthcare cost trend rates:

	1% Decrease	Current Trend Rates	1% Increase
Net OPEB liability	\$ 9,172,110	\$ 11,704,844	\$ 14,189,928

Annual OPEB Cost and Net OPEB Obligation

The City’s annual OPEB cost (expense) for the Plan is calculated based on the ARC, an amount actuarially determined in accordance with the parameters of GASB 45. The ARC represents the level of funding that, if paid on an on-going basis, is projected to cover normal cost each year and amortize any unfunded actuarial liabilities (or funding excess) over a period not to exceed thirty years.

For the year ended September 30, 2017, the City has estimated the cost of providing these benefits through an actuarial valuation dated October 1, 2016. The projected unit credit actuarial cost method was used in the actuarial valuation. The actuarial assumptions include a 7.5% investment rate of return, an annual healthcare cost trend rate of 7.0% initially with annual increases and decreases to an ultimate rate of 4.0% in 2074, and a dental cost trend rate of 3.9% through 2074 at which time the rate drops to 3.8%. An inflation rate of 2.3% is utilized along with a discount rate of 7.5%.

CITY OF EULESS, TEXAS
NOTES TO BASIC FINANCIAL STATEMENTS

NOTE 10. OTHER POSTEMPLOYMENT BENEFITS – CONTINUED

Annual OPEB Cost and Net OPEB Obligation – Continued

The following table represents the components of the City’s annual OPEB cost for the fiscal year, the amount actually contributed to the Plan, and any changes in the City’s net OPEB obligation.

Annual required contribution	\$ 1,226,144
Interest on net OPEB obligation	(58,862)
Adjustments to annual required contribution	<u>66,452</u>
Annual OPEB cost (expense)	1,233,734
Contributions made	<u>(1,832,839)</u>
Change in OPEB obligation	(599,105)
Net OPEB obligation (asset) - beginning of year	<u>(784,823)</u>
Net OPEB obligation (asset) - end of year	<u>\$ (1,383,928)</u>

The City’s annual OPEB cost, the percentage of annual OPEB cost contributed to the plan, and the net OPEB obligation for fiscal year 2017 and the two previous fiscal years are as follows:

Actuarial Valuation Date	Fiscal Year Ended	Discount Rate	Annual OPEB Cost	% of Annual Cost Contributed	Net OPEB Obligation
10/1/2014	9/30/2015	7.5%	874,770	112.65%	(197,485)
10/1/2014	9/30/2016	7.5%	837,067	170.17%	(784,823)
10/1/2016	9/30/2017	7.5%	1,233,734	148.56%	(1,383,928)

Funding Status and Funding Progress

Valuation Dated 10/01,	Fiscal Year Ended	10/1 Actuarial Value of Assets	Discount Rate	Actuarial Accrued Liability	Unfunded Actuarial Accrued Liability (UAAL)	Funded Ratio	Covered Payroll	UAAL % of Payroll

CITY OF EULESS, TEXAS
NOTES TO BASIC FINANCIAL STATEMENTS

NOTE 10. OTHER POSTEMPLOYMENT BENEFITS – CONTINUED

Funding Status and Funding Progress – Continued

As of October 1, 2016, the Plan was 71% unfunded. The value of assets was \$4,313,417, resulting in an UAAL of \$10,412,547.

Actuarial valuations of an ongoing plan involve estimates of the value of the reported amounts and assumptions about the probability of occurrences of events far into the future. Examples include, but are not limited to, future employment, mortality, and healthcare cost trends. Amounts determined regarding the funded status of the plan and the annual required contributions of the employer are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future. The schedule of funding progress, presented as required supplementary information following the Notes to the Basic Financial Statements, presents multiyear trend information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liabilities for benefits.

NOTE 11. EXCESS OF EXPENDITURES OVER APPROPRIATIONS

As of September 30, 2017, the grant special revenue fund had an excess of expenditures over appropriations of \$63,552.

Notes to Schedule

Valuation Date Actuarial determined contribution rates are calculated as of December 31st each year and become effective in January, 12 months and 1 day later

Methods and Assumptions Used to Determine Contribution Rates:

Actuarial Cost Method	Entry Age Normal
Amortization Method	Level Percentage of Payroll, Closed
Remaining Amortization Period	18 years
Asset Valuation Method	10 year smoothed market; 15% soft corridor
Inflation	2.5%
Salary Increases	3.5% to 10.5% including inflation
Investment Rate of Return	6.75%
Retirement Age	Experience-based table of rates that are specific to the City's plan of benefits. Last updated for the 2015 valuation pursuant to an experience study of the period 2010 - 2014.
Mortality	RP2000 Combined Mortality Table with Blue Collar Adjustment with male rates multiplied by 109% and female rates multiplied by 103% and projected on a fully generational basis with scale BB.

The Schedule of Funding Progress summarizes the actuarial value of the plan’s assets plus current year contributions and actuarial accrued liability as of October 1, 2016 and the two preceding actuarial valuations for which the trust has been in effect.

The schedule is presented to provide a consistent basis for measuring the plan’s annual progress toward funding its actuarial accrued liability in accordance with its actuarial funding method. The primary measure of funding progress is the plan’s funded ratio (i.e. actuarial value of assets expressed as a percentage of the actuarial accrued liability). An increase in the funded ratio indicates an improvement in the plan’s ability to pay all projected benefits as they come due. The plan is fully funded if the funded ratio is greater than or equal to 100%. At September 30, 2017, the plan’s funded ratio was 29%.

For more information concerning the plan and the actuarial method and assumptions, see Note 10 Other Post Employment Benefits in the Notes to the Financial Statements.

CITY OF EULESS, TEXAS
NOTES TO REQUIRED SUPPLEMENTARY INFORMATION

NOTE 1. BUDGET BASIS OF ACCOUNTING

The City Council adheres to the following procedures in establishing budgetary data reflected in the financial statements:

1. Prior to August 1, the City Manager submits to the City Council a proposed operating budget for the fiscal year commencing the following October 1. The operating budget includes proposed expenditures and expenses and means of financing them.
2. Public hearings are conducted to obtain taxpayers' comments.
3. Prior to September 30, the budget is legally enacted through passage of an ordinance and a budgetary report is prepared.
4. The City Manager is authorized to transfer budgeted amounts between departments within any fund; however, any revision that alters the total expenditures of any fund must be approved by the City Council. The budget presented reflects revisions made during the year. The legal level of control is at the fund level.
5. A budget is legally adopted for the general fund and special revenue funds on a basis consistent with accounting principles generally accepted in the United States of America. Formal budgetary integration is employed as a management control device during the year for the general fund and special revenue funds. Appropriations and encumbrances lapse at year-end.
6. Formal budgetary integration is not employed for the debt service funds because effective budgetary control is alternatively achieved through general obligation bond indenture provisions.
7. Budgetary data for the capital projects funds has not been presented in the accompanying basic financial statements as such funds are budgeted over the life of the respective project and not on an annual basis. Accordingly, formal budgetary integration of the capital projects funds is not employed and comparison of actual results of operations to budgetary data for such funds is not presented.
8. Appropriated budgets for the proprietary funds are also adopted but have not been presented since reporting on such budgets is not legally required.

The Budgetary Comparison Schedules – general fund and car rental tax special revenue fund present a comparison of budgetary data to actual results. These funds utilize the same basis of accounting for both budgetary purposes and actual results.

**COMBINING AND INDIVIDUAL FUND
STATEMENTS AND SCHEDULES**

NON-MAJOR GOVERNMENTAL FUNDS

SPECIAL REVENUE FUNDS

Special revenue funds are used to account for specific revenues that are legally restricted to expenditures for particular purposes.

Hotel/Motel Fund – to account for the operations and expenditures for which hotel/motel occupancy taxes are used. Occupancy tax revenues are used primarily for advertising and promotion of the City.

Half-Penny Sales Tax Fund – to account for the sales tax revenues and expenditures of the Euless Development Corporation, a component unit of the City of Euless. The revenues can only be spent on parks, library, debt service, and economic development activities with the City of Euless.

Police Drug Enforcement Fund – to account for proceeds from the sale of assets seized in connection with drug arrests. Revenues are used solely for police department expenditures.

Crime Control and Prevention District Fund – to account for the revenues and expenditures of this component unit of the City of Euless. The revenues are collected from sales taxes and expenditures can only be spent for police department operations and capital as approved by the Crime Control and Prevention District Board.

Grant Fund – to account for grant revenues received by the City, which must be spent in accordance with the grant provisions.

Police Seized Asset Fund – to account for resources received from asset forfeiture pursuant to court judgment File No. 09-13-640 to be administered in compliance with Chapter 59, Texas Code of Criminal Procedure.

Juvenile Case Fund – to account for a fee added to municipal court citations. This fee is used to support the expenditures associated with juvenile case processing.

Glade Parks Public Improvement District (PID) Fund – to account for the accumulation of resources from an assessment levied upon properties within the district boundaries. The resources are utilized for the repayment of debt issued to fund public improvements within the district. The district assesses property owners only for the portion of the debt payment not covered with resources of the Glade Parks TIRZ #3.

Tax Increment Reinvestment Zone #3 – Glade Parks Fund (TIRZ #3) – to account for the accumulation of a portion of the incremental property taxes from taxing entities participating in the tax increment reinvestment zone. The resources are used for the repayment of debt issued to fund public improvements within the district.

NON-MAJOR GOVERNMENTAL FUNDS – Continued

Midtown Public Improvement District (PID) Fund – to account for the accumulation of resources from an assessment levied upon properties within the district boundaries. The resources are utilized for the repayment of debt issued to fund public improvements within the district.

Cable PEG Fees Fund – to account for a 1% fee collected from cable channel providers for expansion of the city’s public, educational, and governmental access channel.

CAPITAL PROJECTS

Half-Penny Sales Tax CIP Fund – to account for bond proceeds and sales tax receipts to be expended for capital projects funded by the Eules Development Corporation, a component unit of the City of Eules.

Developers' Contribution Fund – to account for funds received for the purpose of making new and future improvements to various development areas within the City.

General CIP Fund – to account for various general construction projects within the City.

Redevelopment CIP Fund – to account for land acquisition and revitalization projects designed to enhance development and promote redevelopment throughout the community.

Streets CIP Fund – to account for street construction and reconstruction projects and the means of financing such improvements.

Midtown Reserve Fund – to account for resources used to establish the initial debt reserve fund per the Midtown construction, funding, and development agreement.

TIRZ #4 Midtown CIP Fund – to account for construction projects and the means of financing such projects within the development area generally known as Eules Midtown.

Car Rental CIP Fund – to account for the building and infrastructure projects that are funded from the short-term motor vehicle rental tax.

NON-MAJOR PROPRIETARY FUNDS

Enterprise funds are used to account for operations financed and operated in a manner similar to private business enterprises where the intent of the government's council is to recover the costs of providing goods or services to the general public on a continuing basis primarily through user charges; or where the government's council has decided that periodic determination of net income is appropriate for accountability purposes.

Recreation Classes – to account for the operation of recreational programs and activities which are offered to groups and individuals on a fee basis.

Texas Star Sports Complex – to account for the operation and maintenance of Softball World and The Parks at Texas Star Complexes, supported primarily by user charges.

Arbor Daze – to account for the receipts and disbursements of the annual Arbor Daze Festival, supported primarily by user charges.

INTERNAL SERVICE FUNDS

Internal service funds are used to account for the financing of goods or services provided by one department to other departments of the City and to other government units on a cost reimbursement basis.

Equipment Replacement Fund – to account for the accumulation of funds to be used for replacement of existing equipment. Funding is provided annually by the user departments.

Insurance Fund – to account for the revenues and expenses resulting from providing health insurance to the City's employees.

Risk Management/Workers' Compensation (Risk/WC) Fund – to account for the revenue and expenses applicable to providing workers' compensation coverage for all City employees, as well as, general liability and property coverage.

STATISTICAL SECTION
(Unaudited)

STATISTICAL SECTION

(Unaudited)

The statistical section of the City of Euless' comprehensive annual financial report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the City's overall financial health.

Contents	Tables
Financial Trends	1-4
The financial trend schedules contain trend information to help the reader understand how the City's financial performance and well-being have changed over time.	
Revenue Capacity	5-8
The revenue capacity schedules contain information to help the reader assess the City's most significant local revenue source, the property tax.	
Debt Capacity	9-13
The debt capacity schedules present information to help the reader assess the affordability of the City's current level of outstanding debt (including that of its blended component units) and the City's ability to issue additional debt in the future.	
Demographic and Economic Information	14-15
The demographic and economic schedules offer demographic and economic indicators to help the reader understand the environment within which the City's financial activities occur.	
Operating Information	16-18
The operating information schedules contain service and infrastructure data to help the reader understand how the information in the City's financial report relates to the services it provides and the activities it performs.

**CITY OF EULESS, TEXAS
DIRECT AND OVERLAPPING GOVERNMENTAL ACTIVITIES DEBT
AS OF SEPTEMBER 30, 2017
(Unaudited)**

Table 11

Governmental Unit	Debt Outstanding	Estimated Percentage Applicable	Estimated Share of Overlapping Debt
Debt repaid with property taxes			
Grapevine-Colleyville Independent School District	\$ 438,049,452	8.82%	\$ 38,635,962
Hurst-Eules-Bedford Independent School District	412,119,890	21.06%	86,792,449
Tarrant County	321,795,000	2.53%	8,141,414
Tarrant County Hospital District	20,835,000	2.53%	527,126
Tarrant County College District	-	2.53%	-
Subtotal, overlapping debt			<u>134,096,951</u>
Debt repaid with property taxes			
City of Eules (direct debt)	43,435,983	100.00%	<u>43,435,983</u>
Total direct and overlapping debt repaid with property taxes			<u><u>\$ 177,532,934</u></u>

Notes: The percentage of overlapping debt applicable is estimated using taxable property values. Applicable percentages were estimated by determining the portion of another governmental unit's taxable value that is within the City's boundaries and dividing it by each unit's total taxable value.

The current year calculation of direct debt includes all general governmental activities debt excluding sales tax revenue bonds which are not repaid with property taxes. Amounts shown have been adjusted for losses on prior refundings, premiums, and discounts.

Source: Debt outstanding data provided by Municipal Advisory Council of Texas and City records.
