Dear Citizens,

This spring, the U.S. will be conducting its 2020 Census. You will receive your census form in the mail. The exciting news is that instead of having to speak to a census taker in person, you will have the option of completing the quick questionnaire online, by phone or by mail.

It's important that everyone be counted. With just a one percent undercount in Texas, our healthcare, schools and transportation services may lose funds, which may impact your quality of life. So, next March, please be on the lookout for your 2020 Census form and be sure to submit it before the deadline.

Although I have just touched on the highlights here, you can find more information regarding the 2020 Census at [www.census.gov](http://www.census.gov).

### *Do I Need a Permit? Continued from page 1.*

We appreciate your decision to continue making an investment in your property. Through our permitting, plan review and inspection process, we want to make sure you get as much value out of those home improvement projects as possible. We will make sure the work is performed safely and meets all applicable codes.

The City of Euless has recently changed its building permit fee calculations. Signed by Gov. Greg Abbott, a new bill no longer allows cities to determine residential building permit fees based on the valuation of the project's cost. Instead, permit fees are calculated based on either the square footage of the areas that are being renovated or simply a flat fee.

Although how fees are calculated has changed, the types of permits that are required remain the same. We want to remind you about the various types of projects that require a permit. This would include projects such as garage conversions, room additions, driveway approaches, new swimming pools, fences and water heaters. No permit is required for window and door replacements or cosmetic changes including cabinet and tile installation or fence repair.

Please remember that if you contact a professional contractor about your home improvement projects, ask for names of previous customers that you can contact and discuss their experience.

Before beginning a home improvement project that requires a permit, please contact our Planning and Development Office at 817-685-1630 or email [permits@eulesstx.gov](mailto:permits@eulesstx.gov) so that we can ensure the proper permits have been handled correctly.

Our website [www.eulesstx.gov/planning](http://www.eulesstx.gov/planning) also has information on permits and fees. We look forward to working with you on your next home improvement project.

## Fire Prevention Week

October 6-12

*Not every hero wears a cape*

*Plan and Practice your Escape™*

The National Fire Protection Association® (NFPA®) wants you to know how small actions can help keep you and those around you safe. In 2017, fire departments in the U.S. have responded to 357,000 home structure fires. These fires have caused 2,630 fire deaths and 10,600 fire injuries.

“These numbers show that home fires continue to pose a significant threat to safety,” said Lorraine Carli, NFPA’s vice president of Outreach and Advocacy. “In a typical home fire, you may have as little as one to two minutes to escape safely from the time the smoke alarm sounds. Escape planning and practice can help you make the most of the time you have, giving everyone enough time to get out.”

Develop and practice your home fire escape plan before a fire strikes:

- Plan your escape route.
- Test your smoke detectors. Alarms should be in every sleeping room, outside each separate sleeping area and on every level of the home.
- Choose an outside meeting place.
- Practice home fire drills, so that family members (especially children) know how to escape on their own.

Although fires can occur anywhere, four out of five U.S. fire deaths occur at home each year. Share this information with your loved ones, so they will know what to do in the event of a fire. For more information, visit [www.FirePreventionWeek.org](http://www.FirePreventionWeek.org)

## National Night Out

*Tuesday, October 1, 7 p.m.*

Turn on your outside lights, lock your doors and spend the evening outside with 38 million people in more than 16,000 communities. Each year on National Night Out, Eules residents proactively deter crime by organizing a variety of special events within their neighborhoods. Get your neighborhood involved in National Night Out to promote police/community partnerships, and learn about violence and drug prevention while building neighborhood unity. Send a message to criminals letting them know your neighborhood is organized, involved and fighting back.

The Eules Police and Fire Departments invite all neighborhoods in Eules to meet in their neighborhood parks and join with the police and the nation to “take a bite out of crime.” You can request a visit by representatives of the Fire Department at 817-685-1600 or the Police Department at 817-685-1536.
