

EULESS

T O D A Y

Did you know...? Loud fireworks causes anxiety in many dogs. Keep your pets indoors to help them stay calm.

Dear Citizens,
I am pleased to welcome back Councilmember Harry Zimmer and welcome new Councilmember Salman Bhojani to the Euless City Council.

Mr. Zimmer is no stranger to campaigning. He filled an unexpired term of five months for Councilmember Glenn Porterfield after he passed away and then turned around and campaigned again. He worked hard during this past election to make sure the citizens of Euless know how much he cares about our great city.

Speaking of working hard during this past election, Mr. Bhojani's efforts, along with a strong volunteer group, helped to make this the third highest turnout in the City's history. He is an active volunteer for a variety of groups and is looking forward to being able to show our community how much he loves calling Euless home.

They have both pledged to work hard for Euless residents to make sure we maintain a high service level and great quality of life. The efforts and passion both of these men have shown for our great city make me proud. Please help me in showing both of them our appreciation.

Mosquito Spraying

The City of Euless partners with Tarrant County to test mosquitos for illnesses. Once a week they test for mosquito-borne illnesses, such as the West Nile virus, Zika virus and the St. Louis encephalitis virus. Periodic spraying for mosquitos is then done in the areas that test positive for infected mosquitos. Mosquito spraying is typically done in the late evening (after 10 p.m.), when most people are indoors. Spraying is not performed during rainfall or when wind speeds are 10 mph or greater. During the spraying, you do not need to do anything special, since the spray droplets falling on the ground become inactive in just a few hours or with sunshine (UV light).

The City of Euless can notify you by email if you sign up for "Community Alerts" on eulesstx.gov/MyEuless.htm. For questions or concerns regarding mosquitos, please call Public Works at 817-685-1580.
