EULESS ★ Today™

MEET THE NEW CITY COUNCIL ★ RECREATION CLASSES ★ SUMMER / FALL EVENTS

Greetings from the Mayor

Welcome

Dear Citizens,

How fortunate we are to have such lovely green landscapes, lakes full of water and better ozone days. Did you know that with all the rain we have had it cleared up the air and we have the best ozone days in years?

We welcome our two newest council persons Tim Stinneford and Perry Bynum. Both gentlemen have volunteered for Eules for many years and decided to take the next step and volunteer full time. They are eager to serve our community and to get to know more of you.

Sadly, we are saying farewell to our long serving council person, Carl Tyson. Carl has served over thirty years with volunteer service to Eules. Many years were on the Planning and Zoning Commission followed by years of service on the city council. We wish him well.

We will be saying farewell to our former City Manager very soon. Joe Hennig has been with the city of Eules for fifteen years, eight of those as City Manager. Many changes have occurred during Joe's tenure mainly with our infrastructure and city buildings. Joe has been a leader in our community volunteering for local boards and charities. Probably the highlight of Joe's career was implementing the "peace pipe" with the DFW Airport, thereby getting the car rental facility in the city of Eules. It has truly been a joy working with Joe and we all will miss him and his cheerful personality. We wish him well.

Our new City Manager is Gary McKamie. Gary has been working with the city of Eules for thirty four years so he probably knows more about the city than anyone. He was with the police department for many years rising to Chief of Police before moving to Administration to be Assistant City Manager, then Deputy City Manager. We will have a very smooth transition as Gary knows all the employees and has worked with the city council for eight years. We wish him well.

As you can see there are many changes occurring in our city but we all know that change can be good. We are working on our Facilities Plan and you will see some changes at Texas Star Conference Centre, the Library and the Senior Citizens Center within this next year.

In the meantime, the Public Works facility located on south Westpark Way and Pipeline Road is now completed. The Public Works employees have waited a long, long time for a home in Eules. Previously they were located on Central Drive in Bedford.

The summer reading program at the Library is almost completed and I hope many of you joined the program and enjoyed our Library this summer. If you locate the bulletin board in the children's section you can see how many children participated by their "sail boats." The Library continues to have educational as well as entertaining programs for all our citizens. Do check out the latest garden reading area at the library.

Will you please plan to participate with your Eules neighbors in welcoming the Troops at the DFW Airport during the week of August 20-26? This has been such a heartwarming program that has been supported throughout North Texas. Our city has been a participant since the beginning of the program and we are so proud of the many of you who have been there to welcome our troops.

Please read through the many activities listed in Eules Today and participate but better still VOLUNTEER your time and talents. We have the best volunteers anywhere and we always welcome more. "TOGETHER WE ARE MAKING CHANGES FOR THE FUTURE OF EULESS."

Public Works New Building

Look how we've grown!

The Public Works Department recently moved into a new facility at 1513 Westpark Way. The 13,500 square foot building features a second story storage deck in the spacious garage and a dedicated conference room. Additionally, a 7,000 square foot equipment pavilion was added to allow for equipment to be kept out of the weather and under cover.

Water Conservation Ordinance

Even with the record rains this summer, Euless residents should not take water for granted. It proves the point even more that water levels can not be predicted from one year to the next and we all need to make an effort to conserve water. After the drought of 2006, City of Euless officials realized that we need to protect this precious resource by enacting measures that make sense for Euless residents.

Effective July 1, all Euless residents fall under a new water conservation ordinance that prohibits watering outdoors from 10 a.m. to 6 p.m. year-round. The new rules will apply to City water customers who use automatic and non-automatic irrigation systems and garden hose-attached sprinklers to water their lawns.

Watering between 10 a.m. and 6 p.m. is an inefficient method of maintaining yards. Water from sprinklers and irrigations systems is lost by evaporation due to heat and wind. In addition, daylight watering as well as domestic use, places additional demands on the water treatment plant.

The ordinance does provide for watering home foundations, lawns and new landscape plantings by handheld hose, drip irrigation or soaker hose. For more information please contact the Public Works department by calling 817-685-1694.

City Manager Joe Hennig to Retire

City Manager Joe Hennig announced his retirement after 15 years with the city.

With his announcement, Hennig stated that the city's employees, directors and department managers are the most dedicated and hard working that he has worked with during his career.

"They are a tremendous asset to the City of Eules," said Hennig.

Hennig, 59, has served as the city's manager since 1999, after serving Eules as Director of Development Services, Assistant City Manager and Deputy City Manager. Hennig has worked for the city since 1992 after retiring from 23 years with TXU.

As City Manager, Hennig oversaw much development in Eules along with significant bond projects that improved the major roads and infrastructure in Eules including the revitalization of Eules Main Street and Pipeline Road. Hennig was personally involved with the construction of Texas Star Athletic Complex and the DFW Car Rental Facility. Conservative budgeting and innovative development under Hennig's guidance has allowed Eules to remain in a strong financial position.

When asked his feelings on retiring after so many years, Hennig commented, "The citizens of Eules make our great city what it is today. There are many founding families that have been here since the beginning and they are the ones still volunteering at events, attending City Council meetings and making things happen. They donate their time and energy to Eules because they love it."

Gary McKamie Announced New City Manager for Eules

The City of Eules is pleased to announce the appointment of Gary McKamie as the next City Manager. McKamie holds a degree in Criminal Justice from Dallas Baptist University and has served as Deputy City Manager of Eules for the past eight years. The final selection of the City Manager was made by City Council.

Prior to 1999 McKamie was Chief of Police and has worked for the city for more than 33 years. McKamie has been with the city since 1973, where he began as a dispatcher. He became Chief of Police in 1993 and has been instrumental in several accomplishments including the passage of the crime tax, the establishment of the Citizens Police Academy and the building plans of the new police and courts facility.

"I look forward to working closely with City Council, staff and the citizens of Eules," said McKamie.

"Gary McKamie has been a tremendously dedicated Deputy City Manager and talented leader who has generously devoted himself to Eules. He has been a great colleague and partner for the past eight and a half years and I couldn't have asked for anyone better to work with on the tough issues that have faced Eules throughout the years. His extensive knowledge and insight have served Eules well," said Hennig.

Halloween Safety

During 1999-2002, decorations for special events accounted for an estimated 1,100 reported home structure fires per year in the U.S. The majority involved candles as the heat source. These fires caused six deaths and \$16 million in direct property damage per year.

- Purchase only costumes, wigs and props labeled "flame-resistant" or "flame-retardant." Avoid billowing or long trailing features.
- Provide children with lightweight flashlights to carry for lighting or as part of their costume.
- Dried flowers, cornstalks and crepe paper are highly combustible. Keep these away from heat sources, including light bulbs.
- Use flashlights or battery-operated candles when illuminating Jack-O-Lanterns. If you use candles, use long fireplace matches and keep the Jack-O-Lanterns away from combustibles, doorways and walkways.
- Instruct children to stay away from open flames or other heat sources. Be sure they know how to Stop, Drop and Roll.

Be careful and have a scare-ific Halloween this year.

We think that it is a wonderful addition to the library. Try it; we think you'll like it.

"El Cuento" Comes to the Library

In honor of Hispanic Heritage Month, the Eules Public Library is proud to present bilingual storyteller Martin Rivera, Ph.D for a special performance at 2 p.m. on Saturday, September 29. Whether you speak English or Spanish or a little of both, you will be entranced by his storytelling abilities. This program is especially aimed for elementary aged children but everyone is invited.

September is Library Card Sign-Up Month

Help the library celebrate Library Card Sign-Up Month in September. We will have popcorn, promotional items and other fun activities. A library card is the smartest card anyone can have. We have books--the newest bestsellers to classics--magazines, movies, CDs, audio books, all available for check out. We also have computers with Word, Excel, PowerPoint as well as Internet access and online databases with information to help with everything from homework to repairing your car. Most of the databases are available for use at home. Also, don't forget your most valuable research assistant: your librarians. Libraries play an important role in the education and development of children. Studies show that children who are read to in the home and who use the library perform better in school and are more likely to continue to use the library as a source of lifetime learning. Remember, a library card is the most important school supply of all.

The Parade begins at 6:30 p.m. at Midway Dr. and Bear Creek Parkway. It will travel west on Midway and end at Trinity High School. Let's get animated! Let your imagination run wild as you consider this year's theme - "A Cartoon Christmas". We want cartoon characters from each decade represented at this year's parade - from Betty Boop to the Power Rangers. Don't dare miss this year's spectacular parade of moving lights. We encourage families, individuals, organizations and businesses to enter floats. After the parade, join us at Trinity High School for float award announcements. For more information or to receive a float application call 817-685-1666. All participants are asked to attend an informational meeting on November 12 to discuss safety issues. Call 817-685-1666 for more information.

Heritage Park is open to the public for tours by committee members the second Saturday of each month from 1 - 5 p.m., and it's absolutely free!

Heritage Park features the Himes Log House that is the oldest structure in Euless dating back to the 1850's. The park also contains the first brick house that was ever constructed in Euless in the 1930s and contains many historic artifacts and vintage photos from City founders.

Eules Parks System

Eules Trails System

The City of Eules has experienced significant progress in the last few years in the area of trail development with a growing network of paved and unpaved trails. Our parks system has over five miles of linear and loop trails meandering through natural park settings. Our trails system is a valuable asset to the community, as it assists not only in providing a safe means for non-vehicular travel, but also in providing an opportunity for a variety of unstructured, low-impact recreational pursuits. The latest data from the Centers for Disease Control and Prevention indicate that one in three people in this country are seriously overweight. The Parks & Community Services Department invites you to get out and get active on one of our many "pathways to a healthier new you".

Park Hours are 7 a.m. - 11 p.m.
