

EULESS TODAY

Dear Citizens,

Our local elections have been decided. Let me first thank each and every citizen who voted. I am humbled and

thankful that you have once again placed your trust in me. I truly love this City and all of our residents. I am pleased to welcome back Jeremy Tompkins and Perry Bynum as well. In addition, the CCPD sales tax was renewed for another twenty years. Proposition B also passed, which was initiated by a citizen petition early in 2020.

I think we all agree that 2020 has been an especially tough year and that we are glad to see it in the "rearview mirror." Now is the perfect time to focus on actions that improve our mental, emotional and physical health. Enhancing our wellbeing may be as simple as reading a library book, joining an online class, volunteering for a good cause, talking to a trusted friend or meditating in a city park.

Of course, physical activity benefits all areas of our lives. Check out the amenities that the City of Euless has to offer. The Raven's Grille even has delicious menu options to support healthy-eating goals. Let's make 2021 the best year yet!

Linda Martin

COMMUNITY NEWS

Annual Sanitary Sewer Improvements Begin in January

While replacing Wastewater Mains, also known as Sanitary Sewer lines, may not exactly seem glamorous, we all want them to function properly. Each year, the Euless Public Works Department plans and budgets for the systematic replacement of wastewater mains throughout Euless to reduce maintenance costs and customer problems. The wastewater mains included in this project are part of the City of Euless Wastewater System Master Plan.

They do their best to minimize impact to homeowners during construction, but some temporary inconveniences may occur as work takes place. Residents will be notified in advance before the work begins. Areas affected by this work will be in our utility easement located in the backyards of homes.

These improvements will utilize a process called Pipe Bursting. This method installs a new pipe inside of the existing sewer pipe underground. The old pipe is broken up and the new pipe fills in the existing space. Even though this eliminates the need for open trench work, some digging will still be required to tie into the owner's service line.

This year's annual project will be rehabilitating sanitary sewer main between Crane Dr. and Donley Dr. from Harwood Rd. to Aransas Drive and between Ector and Fayette Dr. from Lamar Dr. to Ector Dr. As well as between N. Main St. and Salem Dr. from Town Creek to SH 183. Construction will begin in January and should be completed in early April.

City of Euless General Election Candidate Filing

January 13 - February 12, 8 a.m. - 5 p.m.

Euless City Hall, 201 N. Ector Drive

Filing for a place on the May 1, 2021 City of Euless General Election ballot begins Wednesday, January 13, and runs through Friday, February 12 at 5 p.m. During the filing period, qualified persons may file as a candidate for Place 5 or Place 6 of the City Council in the City Secretary's Office on weekdays. For more information, please call the City Secretary's Office at 817-685-1419 or visit www.eulesstx.gov/cso.

Safe Return Program: Protecting Vulnerable People

The Safe Return program is a confidential registry that assists emergency personnel in reuniting lost and found persons with their family members or caregivers in the event they wander from their home. Persons who are prone to wander can include persons of all ages who may have a developmental disorder or dementia-related illness that may affect their ability to safely return home.

These health conditions include, but are not limited to:

- Alzheimer's
- Autism
- Dementia
- Cerebral Palsy
- Down Syndrome
- Any Developmental Disorder

The program is open to any adult or child fitting the criteria who wants to register, or to any family member or caregiver who wants to register another individual. For more information, contact the Euless Police Department at 817-685-1509. Visit <http://forms.eulesstx.gov/Forms/SafeReturn> to complete an online application.

City of Euless Privacy Policy

The City of Euless Utility Billing Office is committed to the privacy of its customers. Customers may control the release of account information in accordance with Texas Utilities Code Ch. 182. For specific information about your account, you will need to provide us with certain personally identifiable information.

Someone outside the City of Euless may request customer information. Under Texas Utilities Code Ch. 182, individuals/consumers may sign a confidentiality form or send a written confidentiality request. If such a request is received, information such as customer address, telephone number and consumption information will not be released except to a consumer reporting agency, employee of a utility or another utility company, any state or federal government employee and their contractors or subcontractors, or to a person for whom the customer has contractually waived confidentiality for personal information.

Customer information may be used by a third party collection agency contracted with the City of Euless to collect delinquent accounts. If you would like to obtain the confidentiality form, go to the Privacy Policy page on www.eulesstx.gov/departments/water-utilities or call 817-685-1471.

Recycle Your Old Electronics and Appliances

You can recycle your old electronics and appliances year-round at United Electronic Recycling (UER) in Coppell. UER recycles practically anything that runs on a battery or has a power cord. The facility accepts all information technology (IT) hardware, electronics and appliances. It then separates the plastics and metals before sending the materials to companies that transform them into new items. UER keeps discarded materials out of landfills using the highest industry standards.

Here is a partial list of items that UER accepts:

- Computers
- Network and Communications Equipment
- CRTs and Flat Panel TVs
- Office and Miscellaneous Items
- Wires and Cables
- Consumer Items
- Appliances
- Audio/Video
- Batteries and Back-Ups

You can bring your discarded objects to UER's facility or arrange to have them picked up for a fee. Typically, there is a disposal fee for printers, copiers, CRT Monitors and CRT televisions. UER doesn't accept items containing Freon.

The Historic Tree Grove at the Preserve at McCormick Park 2005 Fuller Wiser Rd.

There's never been a better time to get out and explore Euless' many parks. Did you know that the Preserve at McCormick Park (which also serves as an environmental outdoor learning center) has one of the most unique tree features in the Metroplex? The Historic Tree Grove features famous trees. That's right, famous. The trees were all grown from seedlings and cuttings of trees with historical lineage such as a Red Oak from the Alamo, one of President Carter's Slash Pine and a Dwight D. Eisenhower Persimmon. There's even an apple tree with origins that trace back to, you guessed it, Johnny Appleseed.

The historic tree grove also pays homage to our own Euless history with a fig tree from the Byers Lumber Yard, a magnolia tree from the historic Fuller House and an Elisha Adam Euless post oak.

After visiting the historic tree grove, take a stroll down the trail with markers highlighting the native species of trees along the way, sink a hook in one of the two ponds and take advantage of the fishing pier while you're at it.

About the Preserve at McCormick Park

The park was designed in 2004 using the imaginations of 75 children of various ages in Euless schools. They gave input about the features they wanted to see in a park during after-school brainstorming sessions. It was dedicated in 2005 and also serves as a field trip location for 4th graders in HEB ISD. It incorporates hands-on learning experiences into their science curriculum that can't be replicated in the classroom.
