

EULESS TODAY

City of Eules offices will be closed in observance of Labor Day on Monday, September 2. Trash and recycling services will not be impacted.

Dear Citizens,

I am proud to announce that the City of Eules has received the Distinguished Budget Award for the 33rd consecutive year. Awarded

by the Government Finance Officers Association of the United States and Canada, this award was established to encourage and assist state and local governments in preparing budget documents of the very highest quality that reflect both the guidelines set by the National Advisory Council on State and Local Budgets and GFOA's Best Practices on Budgeting to recognize individual governments that succeed in achieving that goal.

I am also proud to announce that the Eules City Secretary's Office has received the Municipal Clerk's Office Achievement of Excellence Award for the third time. Eules was one of 47 municipalities out of over 1000 to achieve this designation this award cycle. The award recognizes excellence in effective and efficient management of resources in a municipal clerk's office.

Lastly, I would also like to take this opportunity to welcome Council Member Annabel Eads to the Eules City Council. For more information on our current Council Members, please see the Meet the Council article in this edition of Eules Today.

Enjoy the Extensive Park Trails of Eules

The Eules park system includes over seven miles of trails. The longest trail begins at 2400 Heritage Avenue (in Glade Parks), and winds through various parks before ending at 1900 Bear Creek Parkway.

The trails vary in width, even up to eight feet across, using different materials like concrete and crushed limestone, depending on the location and topography. Many of these trails connect with the system of sidewalks that crisscross throughout the City. These mixed-use trails can be used for biking, walking, jogging, and similar activities.

A special feature added along the route is the bike repair station located along the Glade Parks trail near Rio Grande Boulevard. The fully-equipped, bicycle repair station includes all the tools necessary to perform basic bike repairs and maintenance, from changing a flat to adjusting brakes and derailleurs.

Safety Tips

Here are some tips to stay safe while using these multi-use trails:

- Bicyclists and runners must yield to walkers.
- When passing another trail user, speak in a normal voice, and announce your presence.
- Bicyclists must be in control at all times.
- All trail users must yield before crossing a trail.
- Pet leashes should be kept to no more than six feet in length, and you must clean up after your pets.
- Stay on open trails and respect private property. Leave no trace and never scare animals.
- Stick to lighted paths after dark.

These trails are for use by everyone. Please do your part and always be alert, responsible, and courteous.
